

F. STUDIES ON MEDICINAL PLANTS

F.1 FIELD DETAILS OF MEDICINAL HERBS STUDY FOR MEDICINAL PLANTS

Date	Location	Interviewee/position-organization	Area of discussion
June 15, 2012	Chausera, Gokuleshwar VDC, Baitadi	Inhabitants /number of women and men (13)	Use of medicinal plants
June 16, 2012	Gangari, Gokuleshwar, Darchula	Teachers and Farmers	Use of medicinal plants
June 16, 2012	Malladewal, Boharigaun, Darchula	Traditional healer / Vaidya, Jhankri	The use of herbs & their local names
June 16, 2012	Tallichaur, Boharigaun, Darchula	Traditional healer/ Vaidya, Jhankri	
June 17, 2012	Hunainath, Yerichhenar	Local inhabitants/ politicians local leader	Discuss about the affected Hunainath VDC complain about ward no 5, 6 and 7 also affected
June 18, 2012	Rithachaupata	J.T. VDC Assistant Technician	Discuss about herbs and their commercial value
June 18, 2012	Rithachaupata Health centre	Ritthachaupata/ Teachers and health workers	Awareness campaign should be about medicinal plants.
June 18, 2012	Rithachaupata	Kharkada VDC Assistant technician and local people	Discuss and control about firing season which can reduced herbs during summer time
June 18, 2012	Kharkada VDC building	Local people, NGO, Politicians	Medicinal plants
June 18, 2012	Kharkada, Manabish, Ward no.8	Kharkada villagers	
June 19, 2012	Ratamata Higher secondary School, Kharkada, Darchula		Diseases and herbs
June 19, 2012	Amkur, Ritthachaupata	Churi oil industry workers; only women and senior citizen	Production of Churi and other herbal product
June 19, 2012	Badipur VDC building, Sharmauli, Darchula	Sharmauli VDC/ Technical Assistant/ local inhabitants	Medicinal Plants farming, industry
June 19, 2012	Panjunaya, Sittad,Baitadi	Local Inhabitants between Chameliya and Jamadi Gad	
June 20, 2012	Rim-2 Jhadbish Kumtadi, Baitadi	Local farmers past teacher and officials	
June 20, 2012	Rim -8 VDC building Baitadi	Reem VDC / Assistant Technicians & number of local people (12)	Identification and Plantation of herbs and their uses
June 20, 2012	Rim-2 VDC public place	Local inhabitants	Uses and production of herbs.
June 21, 2012	Ghoradi-reem, Baitadi	Baidyas and local inhabitants	Discuss with traditional healer about herbs.
June 21, 2012	Panjyunaya-7 Sittad	Local teachers farmers & Vaidyas	Socio-economic status and the herbs.
June 21, 2012	Sittad Health Post	Health Post Incharge & health workers	Diseases &herbs, uses , listing name, farming
June 21, 2012	Deulek – Khochelek, Baitadi	Politicians and their followers of Far Western Seti and Mahakali	Is the project PMP could manage farming medicinal plants or encourage to the people?

Date	Location	Interviewee/position-organization	Area of discussion
June 21, 2012	Pipalkot, Shreekedar, Baitadi	Shreekedar VDC secretary, assistant technician	Types of herbs' their uses and practices
June 22, 2012	Latkali Dasarath Municipality	Proprietor of Churi Oil industry and local inhabitants (18)	How to recognize the herbs? How to manage local herbs?
June 22, 2012	Gajari, Dasarath Municipality Baitadi	Ex-officials, teachers and inhabitants	Discussion about commercial aspects
June 22, 2012	Thakunnatole Latkali Dasarath Chand, Baitadi	Sirkholi community forest user group president and member and local people	How to spread the importance of herbs and their farming.
June 22, 2012	District Forest office Baitadi	D.F.O.& local inhabitants	How to manage the fire fighting in the forest, to preserve the herbs.
June 04, 2012	CDO Office Khalanga, Baitadi	CDO and Government officials	He said he will also take responsibility for planning for herbs.
June 04, 2012	District Development Committee	L.D.O. and officials	Discuss and uses of herbal medicine are deteriorating day-by-day. The Project should be responsible in planning.

F.2 FIELD DETAILS OF MEDICINAL HERBS STUDY

Date	Location	Interviewee/Position-Organization	Area of discussion
June 15, 2012	Chausera, Gokuleshwar VDC, Baitadi	Inhabitants /13 no. of women and men	Use of medicinal plants
June 16, 2012	Gangari, Gokuleshwar, Darchula	Teachers & Farmers	Use of medicinal plants
June 16, 2012	Malladewal, Boharigaun, Darchula	Traditional healer / Vaidya, Jhankri	The use of herbs & their local names
June 16, 2012	Tallichaur, Boharigaun, Darchula	Traditional healer /Vaidya, Jhankri	
June 17, 2012	Hunainath, Yerichhenar	Local inhabitants/politicians local leader	Discuss about the affected Hunainath VDC complain about ward no 5,6,7 also affected
June 18, 2012	Rithachaupata	J.T. VDC Assistant Technician	Discuss about herbs and their commercial value
June 18, 2012	Rithachaupata Health centre	Ritthachaupata/Teachers and health workers	Awareness campaign should be about medicinal plants.
June 18, 2012	Rithachaupata	Kharkada VDC Assistant technician and local people	Discuss and control about firing season which can reduced herbs during summer time
June 18, 2012	Kharkada VDC building	Local people, NGO, Politicians	Medicinal plants
June 18, 2012	Kharkada, Manabish, Ward no.8	Kharkada villagers	
June 19, 2012	Ratamata H S School, Kharkada, Darchula		Diseases and herbs

Date	Location	Interviewee/Position-Organization	Area of discussion
June 19, 2012	Amkur, Ritthachaupata	Churi oil industry workers; only women and senior citizen	Production of chhuri and other herbal product
June 19, 2012	Badipur VDC bulding, Sharmauli, Darchula	Sharmauli VDC/ Techinal Assistant/local inhabitants	Medicinal plants farming, industry
June 19, 2012	Panjunaya, Sittad, Baitadi	Local Inhabitants in between Chameliya river and Jamadi Gad	
June 20, 2012	Rim - 2 Jhadbish Kumtadi, Baitadi	Local farmers past teacher and officials	
June 20, 2012	Rim - 8 VDC building Baitadi	Reem VDC /Assistant Technicians & 12 no. of local people	Identification and Plantation of herbs and their uses
June 20, 2012	Rim-2 VDC public place	Local inhabitants	Uses and production of herbs.
June 21, 2012	Ghoradi-reem, Baitadi	Baidhays and local inhabitants	Discuss with traditional healer about herbs.
June 21, 2012	Panjjunaya - 7 Sittad	Local teachers farmers & Vaidyas	Socio-economic status and the herbs.
June 21, 2012	Sittad Health Post	Health Post In charge & health workers	Diseases &herbs, uses , listing name, farming
June 21, 2012	Deulek-Khochelek, Baitadi	Politicians and their followers of Far western seti and Mahakali	Is the Project PMP could manage farming medicinal plants or encourage to the people?
June 21, 2012	Pipalkot, Shreekedar, Baitadi	Shreekedar VDC Secretary, assistant technician	Types of herbs' their uses and practices
June 22, 2012	Latkali Dasarath Municipality	Proprietor of Churi Oil industry and 18 no. of Local inhabitants	How to recognize the herbs? How to manage local herbs?
June 22, 2012	Gajari, Dasarath Chand Municipality Baitadi	Ex-officials, teachers and inhabitants	Discussion about commercial aspects
June 22, 2012	Thakunnatole Latkali Dasarath Chand, Baitadi	Sirkholi community forest user group president and member and local people	How to spread the importance of herbs and their farming.
June 22, 2012	District Forest office Baitadi	DFO & local inhabitants	How to manage the fire fighting in the forest, to preserve the herbs.
June 04, 2012	CDO Office Khalanga, Baitadi	CDO and Government Officials	He said he will also take responsibility for planning for herbs.
June 04, 2012	District Development Committee	LDO and officials	Discuss and Uses of herbal medicine are deteriorating day-by-day. The Project should be responsible in planning.

F.3 INDIVIDUAL PLANTS DETAILS

Plant number: MP 1

Name	Scientific/English/ Sanskrit		<i>Bixa orellana</i>			
	Local		Suhagan/ Sindurbot			
Location	Gattigad, Dasharath Municipality, Baitadi					
	E	436882	N	3270177	El. (m)	1,247
Climate	Tropical to subtropical Zones					
Altitude range (m)	500 – 2,000					
Soil type	Neutral and slightly alkaline soils					
Medical value	Relieve sprain Asthma Jaundice, Dysentery					

Plant number: MP 2

Name	Scientific/English/ Sanskrit		Small Paper Plant			
	Local		Nan Baduwa\ Danda pate			
Location	Baglekhan, Gwallek VDC and Sim Nagarjun VDC Boarder ground, Baitadi					
	E	412753	N	3265195	El. (m)	1,918
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Dry soil					
Medical value	Constipation					
	Dry Intestine, Stomach wounds					

Plant number: MP 3

Name	Scientific/English/ Sanskrit			<i>Trichosanthes species</i>		
	Local			Indrayan kali/Kal Indrayan		
Location	Surlekhan – 5, Nagarjun VDC, Baitadi					
	E	402975	N	3264220	El. (m)	1,794
Climate	Tropical and temperate zones.					
Altitude range (m)	1,500 – 2,500					
Soil type	Damp soil					
Medical value	Sexual disease Paralysis					

Plant number: MP 4

Name	Scientific/English/ Sanskrit		<i>Punica granatum</i>			
	Local		Lal Anar/ Raka anar			
Location	Giregada VDC Building, Baitadi					
	E	438813	N	3262993	El. (m)	1,729
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Red sticky moist soil					
Medical value	Fever Blood purification, Heart Disease, Goitre					

Plant number: MP 5

Name	Scientific/English/ Sanskrit			<i>Typhonium diversifolium</i>			
	Local			Yak khutte sag			
Location	Ganameshwor Temple, Giregada, Baitadi						
	E	437073	N	3261761	El. (m)	1,700	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,200						
Soil type	Black soil						
Medical value	Constipation Blood purification						

Plant number: MP 6

Name	Scientific/English/ Sanskrit		<i>Symphytum officinale</i>				
	Local		Kamfrey/ Damko				
Location	Vagabati Mandir, old VDC Building, Rodidewal VDC, Baitadi						
	E	437020	N	3260785	El. (m)	1,128	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	General soil						
Medical value	Asthma, Constipation						

Plant number: MP 7

Name	Scientific/English/ Sanskrit						
	Local		Kasturi Gulab/ Barahmase Gulab				
Location	Bagargad Rodidewol, Amchoura, Baitadi						
	E	436323	N	3259097	El. (m)	894	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	Acidic Damp soil						
Medical value	Stone disease Leprosy, Asthma, TB						

Plant number: MP 8

Name	Scientific/English/ Sanskrit		<i>Asparagus recemosus</i>				
	Local		Kurilo/ Satabari/ Jhinjirayan				
Location	Shree Jawolpur Higher Secondary School, Amchoura VDC, Sailodo Village, Baitadi						
	E	435019	N	3257052	El. (m)	1,552	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 2,100						
Soil type	Fertile loomy black soil						
Medical value	Stone disease Diabetes, Gall bladder disease						

Plant number: MP 9

Name	Scientific/English/ Sanskrit		<i>Vitis vinifera</i>				
	Local		Angur/ Drakchya				
Location	Dwari Village jungle, Amchoura Boarder, Baitadi						
	E	433894	N	3255078	El. (m)	1,791	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 2,500						
Soil type	Fertile damp soil						
Medical value	Heart disease TB, Asthma						

Plant number: MP 10

Name	Scientific/English/ Sanskrit		<i>Satyrium nepalense</i>				
	Local		Gangdol kanchhiaunle				
Location	Youkune – 3, Kulaun VDC, Baitadi						
	E	433134	N	3254303	El. (m)	1,765	
Climate	Temperate and alpine zone						
Altitude range (m)	2,400 – 5,000						
Soil type	Dry alkaline soil						
Medical value	Energy tonic						
	Fever						

Plant number: MP 11

Name	Scientific/English/ Sanskrit		<i>Smilex zeylanica</i>			
	Local		Kukulethi Nan/ Kukurdaino Sano			
Location	Lek – VDC Building, Pancheshwor, Baitadi					
	E	430604	N	3255583	El. (m)	1,488
Climate	Sub tropical and temperate regions					
Altitude range (m)	1,500 – 2,500					
Soil type	General soil					
Medical value	Blood Cancer Gall bladder disease, Kidney and liver Problem					

Plant number: MP 12

Name	Scientific/English/ Sanskrit		<i>Matricaria chamomilla</i>				
	Local		Tareful/ Scented mayweed				
Location	Chaturbahu Mandir, Dhamkudi – 8, Pancheshwor, Baitadi						
	E	428424	N	3256291	El. (m)	1,324	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 2,500						
Soil type	Fertile loomy black soil						
Medical value	Teeth ache, Headache Liver disease, Urine Infection						

Plant number: MP 13

Name	Scientific/English/ Sanskrit		<i>Mentha piperata</i>				
	Local		Satyabati/ Vixjhar				
Location	Devi Mandir – Ganakatya Pancheshwor VDC, Baitadi						
	E	428025	N	3255912	El. (m)	1,114	
Climate	Temperate and alpine zone						
Altitude range (m)	2,500 – 4,500						
Soil type	General soil						
Medical value	Common Cold, Cough Headache						

Plant number: MP 14

Name	Scientific/English/ Sanskrit		<i>Solanum nigrum</i>				
	Local		Kali kabai/ Makoya				
Location	Mahakali Bagad, Dasharath Municipality, Baitadi						
	E	426812	N	3254593	El. (m)	757	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 2,500						
Soil type	General soil						
Medical value	Jaundice, Hepatitis Black water disease						

Plant number: MP 15

Name	Scientific/English/ Sanskrit		<i>Asparagus officinalis</i>					
	Local		Jhinjirayan/ Kurilo Mitho/ Satawori					
Location	Yaklegada,Lali VDC, Darchula							
	E	443885	N	3277567	El. (m)	695		
Climate	Tropical and temperate zones.							
Altitude range (m)	1,000 – 3,000							
Soil type	Damp soil							
Medical value	Constipation, Gall Bladder disease							

Plant number: MP 16

Name	Scientific/English/ Sanskrit		<i>Ophioglossum petiolatum</i>				
	Local		Jibre sag/ Garmiko				
Location	Radam Pipal Choutari lali VDC, Darchula						
	E	440718	N	3282885	El. (m)	819	
Climate	Tropical zone						
Altitude range (m)	500 – 2,000						
Soil type	Salty Soil						
Medical value	Blood Purification Intestinal Disease, Fever Burns						

Plant number: MP 17

Name	Scientific/English/ Sanskrit		<i>Stevia rebaudiana</i>		
	Local		Maha Jhar		
Location	Kamedpani – 1, Dandakot VDC, Darchula				
	E	440804	N	3284510	El. (m) 821
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	Sandy soil				
Medical value	Fever, Gall bladder disease Low BP				

Plant number: MP 18

Name	Scientific/English/ Sanskrit		Vitis species			
	Local		Munakka Angur Kalo/ Biz Munakka			
Location	Banku Village, Uku VDC, Darchula					
	E	439093	N	3289229	El. (m)	608
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Alkaline soil					
Medical value	Minor Cuts Constipation, Stomach Inflammation Low BP					

Plant number: MP 19

Name	Scientific/English/ Sanskrit		<i>Papaver somniferum</i>			
	Local		Mewa Ful/ Afim (Aanfu)			
Location	Tallivag Dhakya Village, Uku VDC, Darchula					
	E	439080	N	3289209	El. (m)	1,004
Climate	Tropical region					
Altitude range (m)	500 – 1,600					
Soil type	Sandy soil					
Medical value	Pain killer Insomania, Increase sexual desire					

Plant number: MP 20

Name	Scientific/English/ Sanskrit		Goucharan kamal		
	Local		Gaikhure/ Goukhuri		
Location	Vartoula – Bet Bridge, Datta,Uku VDC, Darchula				
	E	440685	N	3291507	El. (m) 885
Climate	Tropical region				
Altitude range (m)	500 – 2,000				
Soil type	Loamy Fertile Damp soil				
Medical value	Pain Relief Blood Cancer Control, Kidney Cancer				

Plant number: MP 21

Name	Scientific/English/ Sanskrit			Vordo Parasar		
	Local			Vorado belo/ Parasar lata		
Location	Ranchani – 9, Shankarpur VDC, Darchula					
	E	443811	N	3291085	El. (m)	1,475
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Dry soil					
Medical value	Pain Relief, Mental Disease Low BP, Infertility					

Plant number: MP 22

Name	Scientific/English/ Sanskrit		<i>Luffa acutangula</i>				
	Local		Ban Toriya/ Ban Torai Lambawala				
Location	Bohorigaun Healthpost, Darchula						
	E	454077	N	3284410	El. (m)	1,631	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Dry yellow soil						
Medical value	Fever, Headache Jaundice, Respiratory disease						

Plant number: MP 23

Name	Scientific/English/ Sanskrit		<i>Luffa species</i>			
	Local		Ban Toriya Golo/ Golo Ban Torai			
Location	Salsena – 6, Nwali, Baitadi					
	E	450030	N	3276863	El. (m)	927
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Yellow and red dry soil					
Medical value	Jaundice High BP, Diabetes, Skin disease					

Plant number: MP 24

Name	Scientific/English/ Sanskrit			Rag shoshak		
	Local			Kela jhar/ Kera buti		
Location	VDC Building Nwali, Baitadi					
	E	448843	N	3275599	El. (m)	1,434
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Sticky red soil					
Medical value	Cure swollen part Skin disease					

Plant number: MP 25

Name	Scientific/English/ Sanskrit		<i>Agave species</i>			
	Local		Kanda Navayako Rambans/ Sisal Ketuki			
Location	Dhoukucche Pul, Rudreshwor VDC, Baitadi					
	E	466010	N	3283513	El. (m)	
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Rocky and sandy soil					
Medical value	Fever, Diarrhea, Jaundice Cancer, Miscarriage					

Plant number: MP 26

Plant number: N- 20							
Name	Scientific/English/ Sanskrit			<i>Betula alnoides</i>			
	Local			Soud/ Sour			
Location	Airichhana ward no. 1, Hunainath VDC, Darchula						
	E	447510	N	3287316	El. (m)	1,865	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	Acidic soil						
Medical value	Gastric , Uric acid, Diabetes Asthma, Sexual disease						

Plant number: MP 27

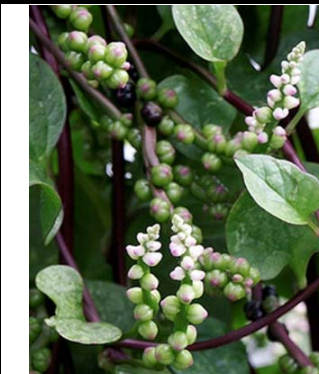

Name	Scientific/English/ Sanskrit		<i>Osbeckia nutans</i>					
	Local		Chulesi/ Amlo					
Location	Jaipur, Rittha Choupata VDC, Darchula							
	E	448280	N	3284740	El. (m)	1,773		
Climate	Temperate zone							
Altitude range (m)	2,000 – 3,000							
Soil type	Sticky soil							
Medical value	Bladder disease, Intestinal worms loss of appetite, Dysentery							

Plant number: MP 28

Name	Scientific/English/ Sanskrit	<i>Dioscorea bulbifera</i>					
	Local	Rani Giittha/ Rani Githi Belo					
Location	Kharkada Village, Pipal Choutari, Darchula						
	E	446222	N	3282945	El. (m)	1,127	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	General soil						
Medical value	Stomach problems Constipation, Blood purification						

Plant number: MP 29

Name	Scientific/English/ Sanskrit		<i>Bassella alba</i>		
	Local		Papailal/ Poi Rato		
Location	Manbisa – 8 Kharkada VDC Darchula				
	E	447188	N	3282072	El. (m)
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 2,500				
Soil type	Loamy soil				
Medical value	Purify blood				

Plant number: MP 30

Name	Scientific/English/ Sanskrit		<i>Rumex nepalensis</i>			
	Local		Haloulo/ Halhale			
Location	Hunainath Higher Secondary School, Ratamata, Kharkada VDC Darchula					
	E	447667	N	3281601	El. (m)	1,681
Climate	Tropical to sub alpine zone					
Altitude range (m)	1,200 – 4,200					
Soil type	Damp dark soil					
Medical value	Asthma, Nostraigy Liver pain, Rheumatism					

Plant number: MP 31

Name	Scientific/English/ Sanskrit		<i>Ficus auricalata</i>			
	Local		Timlo/ Timilo			
Location	Amkul – 9, Rittha Choupata, Darchula					
	E	448715	N	3281147	El. (m)	1,301
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Acidic soil					
Medical value	Constipation Dysentery					

Plant number: MP 32

Name	Scientific/English/ Sanskrit		<i>Viscum articulatum</i>				
	Local		Hadchur				
Location	Sallo Ban, Sharmouli VDC, Darchula						
	E	450010	N	3281300	El. (m)	1,663	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	General soil						
Medical value	Rheumatism Relief pain						

Plant number: MP 33

Name	Scientific/English/ Sanskrit		<i>Adiantum lunulatum</i>		
	Local		Hansaraj/Hansapadi		
Location	Badipur, Sharmouli Darchula				
	E	451490	N	3280518	El. (m) 1,421
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	Sandy soil				
Medical value	Common Cold Stomach disease, Gastric				

Plant number: MP 34

Name	Scientific/English/ Sanskrit		<i>Oenanthe thomsonii</i>			
	Local		Supi jhad/ Sup Jhar			
Location	Mallo Dewol ward no. 5, Boharigaun VDC, Darchula					
	E	454963	N	3282239	El. (m)	849
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	General soil					
Medical value	Common cold, Cough Diarrhea, Dysentery					

Plant number: MP 35

Name	Scientific/English/ Sanskrit		<i>Innula cappa</i>			
	Local		Pahenlo Rasna/ Gaitihare sonoulo			
Location	Lamkhet, Rim VDC, Baitadi					
	E	455510	N	3278496	El. (m)	1,112
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Dry soil					
Medical value	Rheumatism					

Plant number: MP 36

Name	Scientific/English/ Sanskrit		<i>Carthamus tinctorius</i>			
	Local		Kusume Tel/ Kusum Teel			
Location	Kamtadi Village Rim, Baitadi					
	E	456409	N	3276779	El. (m)	1,688
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Loamy black soil					
Medical value	Rhematism, Swollen body TB, Asthma, Scabies					

Plant number: MP 37

Name	Scientific/English/ Sanskrit		<i>Holboellia latifolia</i>			
	Local		Guflo Belo			
Location	Kedar Primary School, Putouna – 7, Sittad VDC, Baitadi					
	E	456288	N	3275279	El. (m)	1,566
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Damp and swampy area					
Medical value	Stomach pain and wound Diarrhoea, Dysentery					

Plant number: MP 38

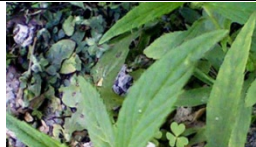

Name	Scientific/English/ Sanskrit			<i>Polygonatum multiflorum</i>		
	Local			Khirounle Andakar pate		
Location	Sittad jungle, Pahiro Sittad VDC, Baitadi					
	E	454801	N	3275231	El. (m)	1,664
Climate	Tropical and temperate zones.					
Altitude range (m)	1,500 – 2,000					
Soil type	Black damp soil					
Medical value	Joint pain Strong bones					

Plant number: MP 39

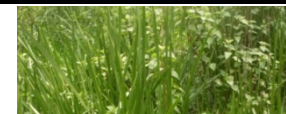

Name	Scientific/English/ Sanskrit			<i>Leucas cephalotes</i>		
	Local			Dronapuspi/ Gumpati		
Location	Sittad Heathpost, Baitadi					
	E	453465	N	3275752	El. (m)	1,626
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	General soil					
Medical value	Jaundice, Snake poison Asthma, Respiratory Disease					

Plant number: MP 40

Name	Scientific/English/ Sanskrit		<i>Acorus calamus</i>			
	Local		Vojo/ Bojo/ Bach			
Location	Dhikgad sittad and Deulek VDC Boarder, Baitadi					
	E	453745	N	3274404	El. (m)	1,302
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Alkaline soil					
Medical value	Cough, Common cold Blood cancer, Heart attack					

Plant number: MP 41

Name	Scientific/English/ Sanskrit		<i>Citrus aurantium</i>			
	Local		Kaljambiri/ Kalo Jyampir			
Location	Pipal danda, Shree Kedar VDC, Baitadi					
	E	445707	N	3273931	El. (m)	1,515
Climate	Tropical zone					
Altitude range (m)	1,000 – 2,500					
Soil type	Black soil					
Medical value	Gastric, Cough, Dysentery Blood purification					

Plant number: MP 42

Name	Scientific/English/ Sanskrit	<i>Didymocarpus salbicalyx</i>				
	Local	Nan Kumkum Kasturi/ Sano Kumkum				
Location	Kalan, Panikuwa – Shree Kedar VDC, Baitadi					
	E	445480	N	3273295	El. (m)	1,207
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Sandy soil					
Medical value	Rheumatism, Skin disease					

Plant number: MP 43

Name	Scientific/English/ Sanskrit		<i>Pueraria species</i>			
	Local		Haldui Birali Belo/ Besare Birali Kanda			
Location	Kansanigad, Thaligada, Baitadi					
	E	445373	N	3271881	El. (m)	986
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Alkaline soil					
Medical value	Jaundice, Stomach inflammation Intestinal Wound					

Plant number: MP 44

Name	Scientific/English/ Sanskrit		<i>Persea duthiei</i>		
	Local		Kaulo majhilwala/ Kaulo mailo		
Location	Pattar Khani – 7, Dasharath Municipality, Baitadi				
	E	444979	N	3271309	El. (m) 1,284
Climate	Tropical zone				
Altitude range (m)	500 – 2,000				
Soil type	Sticky yellow soil				
Medical value	Constipation Back pain, Maintain menstruation cycle				

Plant number: MP 45

Name	Scientific/English/ Sanskrit		<i>Salvadora persica</i>				
	Local		Nan Dante Okhar/ Dante Okhar sano				
Location	Madala Primary School, Dashrath Municipality, Baitadi						
	E	444055	N	3270328	El. (m)	1,679	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	Alkaline soil						
Medical value	Rheumatism, Stomach disease, Cough						

Plant number: MP 46

Name	Scientific/English/ Sanskrit		<i>Cinnamomum camphora</i>				
	Local		Kapur/Karpuram				
Location	Ayurvedic Health Service Centre, Musyachour, Gurukhola, Baitadi						
	E	450972	N	3265083	El. (m)	2,244	
Climate	Tropical zone						
Altitude range (m)	500 – 2,000						
Soil type	General soil						
Medical value	Rheumatism Cough, Common cold, Asthma						

Plant number: MP 47

Name	Scientific/English/ Sanskrit		<i>Ficus religiosa</i>				
	Local		Pipal				
Location	Dasharath municipality, Baitadi						
	E	444144	N	3269577	El. (m)	1,909	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Sticky red soil						
Medical value	Asthma, TB Leprosy						

Plant number: MP 48

Name	Scientific/English/ Sanskrit		<i>Allium hypsistum</i>			
	Local		Sekwa/ Jimbu			
Location	Richpala, Dasharath municipality, Baitadi					
	E	443491	N	3270497	El. (m)	1,776
Climate	Sub alpine and alpine zone					
Altitude range (m)	3,900 – 5,500					
Soil type	General soil					
Medical value	Cough Rheumatism, Body pain					

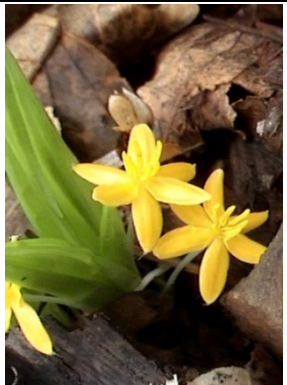

Plant number: MP 49

Name	Scientific/English/ Sanskrit		<i>Aesculus species</i>			
	Local		Pangar/ Pangro			
Location	Pyanola – 5, Dasharath municipality, Baitadi					
	E	443423	N	3270627	El. (m)	1,726
Climate	Sub alpine and alpine zone					
Altitude range (m)	3,500 – 5,000					
Soil type	Black damp soil					
Medical value	Rheumatism					
	Bone disease					

Plant number: MP 50

Name	Scientific/English/ Sanskrit		<i>Curcilgo orchiioides</i>			
	Local		Kali musli			
Location	Dasrathchand Nagarpalika, wd no. 6, Baitadi					
	E	442468	N	3273192	El. (m)	1,099
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 1,800					
Soil type	Sandy black soil					
Medical value	Rheumatism					
	Protein source					

Plant number: MP 51

Name	Scientific/English/ Sanskrit		<i>Perilla frutescens</i>				
	Local		Vunyar/ Vanyaro/ Silam				
Location	Lali VDC, Gaujegada, Darchula						
	E	442389	N	3273584	El. (m)	857	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Alkaline soil						
Medical value	Joint pain Swollen body Digestion, Intestinal Problem						

Plant number: MP 52

Name	Scientific/English/ Sanskrit		<i>Sapindus tricolatus</i>			
	Local		Ritho Thulo/ Badi Rittho			
Location	Kansanigad Bagad, Mahakali Dovan, Dasharath municipality, Baitadi					
	E	4442795	N	3273888	El. (m)	860
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Dry soil					
Medical value	Asthma					
	Rheumatism, Respiratory disease					

Plant number: MP 53

Name	Scientific/English/ Sanskrit		<i>Melia azedarach</i>				
	Local		Bakainu/ Betrayan				
Location	Kutiyasera, Dasharath municipality, Baitadi						
	E	442987	N	3274915	El. (m)	881	
Climate	Tropical and temperate zones.						
Altitude range (m)	1000 – 3,000						
Soil type	Acidc soil						
Medical value	Kidney disease						
	Stomach worm relief						

Plant number: MP 54

Name	Scientific/English/ Sanskrit		<i>Ficus bengalensis</i>					
	Local		Bat/ Lahare Bar Brikchhya					
Location	Choulani, Mahakali Dovan, Dasharath municipality, Baitadi							
	E	442984	N	3275018	El. (m)	877		
Climate	Tropical zone							
Altitude range (m)	500 – 2,000							
Soil type	General soil							
Medical value	Dysentery							

Plant number: MP 55

Name	Scientific/English/ Sanskrit		<i>Plumbago zeylanica</i>						
	Local		Chitu safedi/ Chitrak						
Location	Dwali Bagad Choulani, Dasharath municipality, Baitadi								
	E	443597	N	3275176	El. (m)	869			
Climate	Tropical zone								
Altitude range (m)	500 – 1,400								
Soil type	Acidic and alkaline soil								
Medical value	Leprosy, Common cold Rheumatism , Piles								

Plant number: MP 56

Name	Scientific/English/ Sanskrit		<i>Callicarpa arborea</i>			
	Local		Vatmel, Dahikamalo Garmiko			
Location	Dwali – pul – choulani River, Dasharath municipality, Baitadi					
	E	443662	N	3275322	El. (m)	860
Climate	Tropical zone					
Altitude range (m)	500 – 2,000					
Soil type	Alkaline soil					
Medical value	Tonsils, Fever, Diarrhea, Jaundice					

Plant number: MP 57

Name	Scientific/English/ Sanskrit		<i>Pueraria tuberosa</i>		
	Local		Bidari Belo/ Biralı Belo		
Location	Raktadi – 13, Dasharath municipality, Baitadi				
	E	443862	N	3276074	El. (m)
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	Damp loamy black soil				
Medical value	Fever , Jaundice Rheumatism, Swollen kidney and liver				

Plant number: MP 58

Name	Scientific/English/ Sanskrit		Bikar Shosak		
	Local		Pipshoso/ Arbudhar/ Bikar Shosak		
Location	Dadya Patal – 13, Dasharath Municipality, Baitadi				
	E	443857	N	3276069	El. (m) 940
Climate	Tropical and temperate zones.				
Altitude range (m)	1,200 – 2,500				
Soil type	Sandy and alkaline soil				
Medical value	Rheumatism, Chicken pox Sexual disease, Cancer				

Plant number: MP 59

Name	Scientific/English/ Sanskrit		<i>Curculigo capitata</i>			
	Local		Safedi Musali			
Location	Mouwadi Community forest, ward no. 13, Dasharath municipality					
	E	444834	N	3276496	El. (m)	957
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Dry soil					
Medical value	Fever, Diabetes Rheumatism, Sexual disease					

Plant number: MP 60

Name	Scientific/English/ Sanskrit	<i>Phoenix species</i>
	Local	Khajuri – Thakil/ Rukh Thagil
Location	Panjunayan, Nwali – 8, Baitadi	
	E	446427 N 3276620 El. (m) 919
Climate	Tropical and temperate zones.	
Altitude range (m)	1,000 – 3,000	
Soil type	Sandy soil	
Medical value	Intestinal wound, Cancer Cough, Asthma	

Plant number: MP 61

Name	Scientific/English/ Sanskrit		<i>Phoenix humilis</i>			
	Local		Dhudhe Thakal Biruwa/ Thagil			
Location	Choulani River – 6, Nwali VDC, Baitadi					
	E	448995	N	3276865	El. (m)	
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Alkaline soil					
Medical value	Swollen body, Cures poisoning Urinary bladder stone					

Plant number: MP 62

Name	Scientific/English/ Sanskrit		<i>Murraya paniculata</i>				
	Local		Bajradanti/Datiwone				
Location	Dhikgad – Gobana ko fed, ward no. 8, Nwali VDC, Baitadi						
	E	448995	N	3276865	El. (m)	979	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Acidic soil						
Medical value	Stronger and whiter teeth Cough, Asthma, Diabetes						

Plant number: MP 63

Name	Scientific/English/ Sanskrit		Shivanshu			
	Local		Ryalbasilo/ Thechade/ Singane			
Location	Dhanthala – 6, Nwali VDC, Baitadi					
	E	449782	N	3277020	El. (m)	968
Climate	Tropical zone					
Altitude range (m)	500 – 2,000					
Soil type	Sandy soil					
Medical value	Rheumatism, High BP, Bladder disease					

Plant number: MP 64

Name	Scientific/English/ Sanskrit			<i>Phoenix species</i>		
	Local			Thakal		
Location	Salshena ko fed – 6, Nwali VDC Baitadi					
	E	450200	N	3277039	El. (m)	969
Climate	Tropical zone					
Altitude range (m)	1,000 – 2,000					
Soil type	Acidic soil					
Medical value	Asthma, Rheumatism Joint pain, Spinal cord injury					

Plant number: MP 65

Name	Scientific/English/ Sanskrit			<i>Debregeasia logifolia</i>			
	Local			Tosaro/ Tusare			
Location	Chamtadi, Sittad VDC, Baidati						
	E	450480	N	3277045	El. (m)	951	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Red yellow soil						
Medical value	Digestion						

Plant number: MP 66

Name	Scientific/English/ Sanskrit			<i>Toona ciliate</i>		
	Local			Tuni/ Tunni		
Location	Chamtadi, Sittad VDC, Baidati					
	E	451603	N	3277394	El. (m)	986
Climate	Sub alpine and alpine zone					
Altitude range (m)	3,500 – 4,500					
Soil type	Salty Soil					
Medical value	Fertilization Stomach disease					

Plant number: MP 67

Name	Scientific/English/ Sanskrit		<i>Bamboo species</i>				
	Local		Bans/ Bangsa				
Location	Jamadigad and Choulani Dovan, Sittad VDC, Baitadi						
	E	452161	N	3278730	El. (m)	968	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	General soil						
Medical value	Female disease Urinary bladder disease Headache						

Plant number: MP 68

Name	Scientific/English/ Sanskrit			<i>Terminalia tomentosa</i>			
	Local			Saaj/ Saj			
Location	Jada Bagad – 13, Dasharath Municipality, Baitadi						
	E	445699	N	3276474	El. (m)	909	
Climate	Tropical zone						
Altitude range (m)	500 – 2,000						
Soil type	Red dry soil						
Medical value	Rheumatism Diabetes, Diarrhea, Dysentery						

Plant number: MP 69

Name	Scientific/English/ Sanskrit			<i>Ficus species</i>		
	Local			Khanayo/ Khanya		
Location	Gokuleshwor, Darchula					
	E	455662	N	3282048	El. (m)	668
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Alkaline soil					
Medical value	Diarrhoea, Dysentery Rheumatism, TB Tonsils					

Plant number: MP 70

Name	Scientific/English/ Sanskrit		<i>Acacia pennata</i>			
	Local		Kharibelo/ Ayaro			
Location	Choulani Bridge – River, Gokuleshower, Darchula					
	E	455703	N	3281896	El. (m)	982
Climate	Tropical zone					
Altitude range (m)	500 – 1,500					
Soil type	Alkaline sandy soil					
Medical value	Cough, Swollen body Body ache					

Plant number: MP 71

Name	Scientific/English/ Sanskrit			<i>Agle marmelos</i>		
	Local			Bel/ Bele Fal		
Location	Betaleshower Temple, Gokule, Darchula					
	E	455671	N	3281913	El. (m)	992
Climate	Tropical zone					
Altitude range (m)	1,000 – 3,000					
Soil type	General soil					
Medical value	Infertility, Diabetes Diarrohea, Dysentery					

Plant number: MP 72

Name	Scientific/English/ Sanskrit			<i>Mesua ferrea</i>		
	Local			Nagkeshar		
Location	Betaleshower, Gokuleshower Temple, Baitadi					
	E	455749	N	3281792	El. (m)	982
Climate	Tropical zone					
Altitude range (m)	400 – 1,200					
Soil type	Fertile black soil					
Medical value	Stomach problems, Gastric Dysentery, Snake bite					

Plant number: MP 73

Name	Scientific/English/ Sanskrit		<i>Ricinus comunis</i>					
	Local		Adir/ Inno					
Location	Gokuleshower Motor Bridge, Baitadi							
	E	455899	N	3281859	El. (m)	986		
Climate	Tropical and temperate zones.							
Altitude range (m)	1,000 – 3,000							
Soil type	Acidic soil							
Medical value	Rheumatism, Cracked foot Gastric, Indigestion							

Plant number: MP 74

Name	Scientific/English/ Sanskrit					<i>Kakebelo</i>	
	Local					Kouware/ Kagchucche	
Location	Harinagar – 9, Gokuleshower, Baitadi						
	E	456240	N	3281953	El. (m)	988	
Climate	Tropical zone						
Altitude range (m)	500 – 1,200						
Soil type	Alkaline and dry soil						
Medical value	Fever , Bladder disease, Dcabies TB, Diabetes						

Plant number: MP 75

Name	Scientific/English/ Sanskrit			<i>Pinus roxburghii</i>		
	Local			Sallo/ Khoto		
Location	Bippegoundo – 6, Gokuleshower VDC, Darchula					
	E	445132	N	3287593	El. (m)	1,691
Climate	Tropical zone					
Altitude range (m)	500 – 1,800					
Soil type	Loamy soil					
Medical value	Gastric Asthma, TB Dysentery					

Plant number: MP 76

Name	Scientific/English/ Sanskrit		<i>Baceharoibes anthelmuntica</i>			
	Local		Ghodejwan/ Kalojeera			
Location	Nangtadi – 6,Gokuleshwori, Darchula					
	E	455692	N	3286153	El. (m)	1,673
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Alkeline sticky soil					
Medical value	Bladder disease Indigestion, Jaindice Leprosy, HIV/AIDS					

Plant number: MP 77

Name	Scientific/English/ Sanskrit		<i>Boehmeria rugulosa</i>				
	Local		Dargutthi/ Dar				
Location	Thulasaini – 6, Gokuleshwor VDC, Darchula						
	E	455903	N	3285792	El. (m)	1,670	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Acidic fertile soil						
Medical value	Rheumatism, Heart disease						
	Stomach Problem						
	Sexual disease						

Plant number: MP 78

Name	Scientific/English/ Sanskrit			<i>Ganoderma applanatum</i>		
	Local			Rato chya/ Ganoderma		
Location	Barmude – lekam – Gwani – 8, Darchula					
	E	455309	N	3290788	El. (m)	2,087
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	General soil					
Medical value	Source of nutrient Maintain lever, kidney, heart					

Plant number: MP 79

Name	Scientific/English/ Sanskrit		<i>Dactylorhiza hatagirea</i>				
	Local		Salam Panja/ Panchaunle				
Location	Dhap – Mallikarjun and Gwani VDC, Darchula						
	E	454878	N	3291948	El. (m)	2,479	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Alkaline soil						
Medical value	Relief mental tension Source of protein and calcium						

Plant number: MP 80

Name	Scientific/English/ Sanskrit			<i>Cinnamomum zeylanicum</i>			
	Local			Dalchini			
Location	Dhap – salyadi ward no. 7, Darchula						
	E	452681	N	3294699	El. (m)	1,412	
Climate	Tropical zone						
Altitude range (m)	500 – 2,500						
Soil type	Alkaline soil						
Medical value	Cough, Rheumatism Body pain						

Plant number: MP 81

Name	Scientific/English/ Sanskrit			<i>Ocimum species</i>			
	Local			Babari			
Location	Khalanga Bazar, Darchula						
	E	455726	N	3301457	El. (m)	1,094	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type							
Medical value	Headache, Common cold Kidney stone, Kidney and heart disease						

Plant number: MP 82

Name	Scientific/English/ Sanskrit		<i>Cassia sophora</i>				
	Local		Kurkosya/ Rukhtapre/ Chakbade				
Location	Khalanga VDC, Darchula Buspark, Darchula						
	E	455329	N	3301198	El. (m)	1,088	
Climate	Tropical zone						
Altitude range (m)	500 – 2,000						
Soil type	Acidic dry soil						
Medical value	Cough Skin disease, Cures stomach worm						

Plant number: MP 83

Name	Scientific/English/ Sanskrit			<i>Ricinus species</i>		
	Local			Lal Inno/Lal Adir		
Location	Banga – Bagad – Mahakali River, Darchula					
	E	456329	N	3302148	El. (m)	1,214
Climate	Tropical zone					
Altitude range (m)	500 – 1,500					
Soil type	Acidic soil					
Medical value	Constipation, Rheumatism Piles, Horniya, Paralysis					

Plant number: MP 84

Name	Scientific/English/ Sanskrit			<i>Bombax cieba</i>		
	Local			Simal/ Semal		
Location	Sakar – 9, Dattu VDC, Darchula					
	E	445552	N	3297227	El. (m)	1,059
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 2,000					
Soil type	General soil					
Medical value	Body pain Jaundice, Bladder disease					

Plant number: MP 85

Name	Scientific/English/ Sanskrit		<i>Caesalpinia species</i>				
	Local		Kaldugdhi Belo				
Location	Shree Bagad, Chhaori, Darchula						
	E	457219	N	3303667	El. (m)	1,251	
Climate	Tropical and temperate zones.						
Altitude range (m)	500 – 2,000						
Soil type	Normal soil						
Medical value	Haemostatic, Stop bleeding in gums Aphthous ulcers Stomatitis and gums						

Plant number: MP 86

Name	Scientific/English/ Sanskrit		<i>Impatiens balsamina</i>				
	Local		Tiureful				
Location	Asigada – 4, Dhap Near the Sakar village, Darchula						
	E	449432	N	3296352	El. (m)	1,079	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Acidic soil						
Medical value	Joint pain, Respiratory Problem Skin disease						

Plant number: MP 87

Name	Scientific/English/ Sanskrit			<i>Roripa indica</i>		
	Local			Ban Toli/Ban Til		
Location	Sakar – 9, Dattu VDC, Darchula					
	E	445098	N	3296846	El. (m)	1,059
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Loamy acidic soil					
Medical value	Asthma, Cough Rheumatism					

Plant number: MP 88

Name	Scientific/English/ Sanskrit		<i>Nicandra physalodes</i>					
	Local		Fukola/ Ismagol					
Location	Dattu Village – 8, Dattu VDC, Darchula							
	E	443915	N	3296040	El. (m)	1,084		
Climate	Tropical and temperate zones.							
Altitude range (m)	500 – 2,600							
Soil type	Rocky and sandy soil							
Medical value	Rheumatism, Bladder disease Heart disease, Jaundice							

Plant number: MP 89

Name	Scientific/English/ Sanskrit		<i>Echinochloa crussgalli</i>			
	Local		Maduro/ Samadhan			
Location	Udai village, Dattu VDC, Darchula					
	E	443103	N	3295299	El. (m)	1,092
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	General soil					
Medical value	Source of protein Stomach and intestinal problem					

Plant number: MP 90

Name	Scientific/English/ Sanskrit		<i>Gonostegia hirta</i>			
	Local		Attanni/ Ataniya/ Maslahari			
Location	Chucchei village, Dattu VDC, Darchula					
	E	442822	N	3294679	El. (m)	797
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,500					
Soil type	General soil					
Medical value	Jaundice, Constipation High BP, Diabetes					

Plant number: MP 91

Name	Scientific/English/ Sanskrit			<i>Solanum capsicoides</i>		
	Local			Jhyaure Began/ Kantakari		
Location	Bet – 1 Dattu VDC, Darchula					
	E	442272	N	3293614	El. (m)	767
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Rocky and acidic soil					
Medical value	Asthma, Liver problem Skin disease, Reduce hair fall					

Plant number: MP 92

Name	Scientific/English/ Sanskrit		<i>Curculigo crassifolia</i>		
	Local		Pagade/ Petare		
Location	Vartoula Khet, ward no. 1, Vagabhati VDC, Darchula				
	E	444013	N	3292728	El. (m) 841
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	fertile black and damp soil				
Medical value	Bladder disease Kidney disease				

Plant number: MP 93

Name	Scientific/English/ Sanskrit		<i>Carpesium nepalense</i>			
	Local		Budhi Til			
Location	Kharkyudi – 1 Bet, Dattu VDC, Darchula					
	E	442020	N	3293083	El. (m)	801
Climate	temperate					
Altitude range (m)	2,500 – 3,500					
Soil type	Acidic soil					
Medical value	Headache, Kidney stone Blodd infection					

Plant number: MP 94

Name	Scientific/English/ Sanskrit		<i>Trichosanthes tricuspidata</i>			
	Local		Indrayan/ Indreni			
Location	Mel Khet Vagabhati VDC, Darchula					
	E	444398	N	3292006	El. (m)	906
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 2,400					
Soil type	Acidic soil					
Medical value	Jaundice, Rheumatism					

Plant number: MP 95

Name	Scientific/English/ Sanskrit			<i>Desmostachya bipinnata</i>		
	Local			Kush/ Kushi		
Location	Mad – Mallikarju, Darchula					
	E	450576	N	3289112	El. (m)	1,800
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Alkaline soil					
Medical value	Stone disease					
	Jaundice, Rheumatism					

Plant number: MP 96

Name	Scientific/English/ Sanskrit			<i>Urtica dioica</i>		
	Local			Sinnu/ Sisnu		
Location	Dhungri village Shankarpur VDC, Darchula					
	E	444959	N	3291677	El. (m)	890
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	General soil					
Medical value	Diabetes Rheumatism Uric acid					

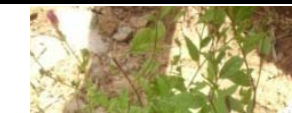

Plant number: MP 97

Name	Scientific/English/ Sanskrit		<i>Juniperus indica</i>			
	Local		Dhupi/ Sugandhi Rukh			
Location	Mallikarjun Temple, Millikarjun VDC, Darchula					
	E	450295	N	3289442	El. (m)	1,807
Climate	Temperate and sub alpine					
Altitude range (m)	3,200 – 4,500					
Soil type	General soil					
Medical value	Skin disease Cough, Fever, Paralysis Rheumatism, Leprosy					

Plant number: MP 98

Name	Scientific/English/ Sanskrit		<i>Naregamia alata</i>			
	Local		Ratpate/ Pittapapada			
Location	Pattarkot – 7, Mallikarjun, Darchula					
	E	450065	N	3291102	El. (m)	1,652
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	General soil					
Medical value	Jaundice					
	Fever, Dehydration					

Plant number: MP 99

Name	Scientific/English/ Sanskrit		<i>Heracleum lallii</i>			
	Local		Jethamasi			
Location	Panifutuwa – 7, Vagabati VDC, Darchula					
	E	450262	N	3291524	El. (m)	1,831
Climate	Temperate and sub alpine					
Altitude range (m)	2,200 – 4,000					
Soil type	Acidic soil					
Medical value	Mental disease					
	Heart disease					

Plant number: MP 100

Name	Scientific/English/ Sanskrit		<i>Sphaeranthus senegalensis</i>			
	Local		Bansupari Jhar/ Runche			
Location	Khalkidhar Ban – 7, Bhagawati VDC, Darchula					
	E	450268	N	3292307	El. (m)	2,011
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Black damp soil					
Medical value	Rheumatism, Asthma, Cough Intestinal and stomach wound					

Plant number: MP 101

Name	Scientific/English/ Sanskrit		<i>Stellaria monosperma</i>				
	Local		Maha Jadi/Kanchhi madhu				
Location	Satpatali – Khalki dhar, Ban Vagabati VDC						
	E	450452	N	3292661	El. (m)	2,051	
Climate	Tropical and temperate zones.						
Altitude range (m)	500 – 2,700						
Soil type	Black damp soil						
Medical value	Heart problem Kidney disease Blood Cancer						

Plant number: MP 102

Name	Scientific/English/ Sanskrit		<i>Starium nepalensis</i>				
	Local		Badi Gangdol				
Location	Bal Shikar Height Vagabati VDC, Darchula						
	E	448615	N	3293768	El. (m)	2,405	
Climate	Temperate zone						
Altitude range (m)	1,500 – 2,500						
Soil type	Alkaline soil						
Medical value	Joint pain Constipation, Nerve pain, Intestinal disease						

Plant number: MP 103

Name	Scientific/English/ Sanskrit		<i>Ocimum species</i>				
	Local		Parbate Tulsi/ Him Tulasi				
Location	Balshikhar Vagabati VDC, Darchula						
	E	448834	N	3293772	El. (m)	2,354	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,500						
Soil type	Alkaline dry soil						
Medical value	Cough, Asthma Headache, Rheumatism, Leprosy						

Plant number: MP 104

Name	Scientific/English/ Sanskrit		<i>Embelia robusta</i>					
	Local		Bidinga/ Bidanga Nan					
Location	Dhap – Vagabati VDC Border, Darchula							
	E	448974	N	3293770	El. (m)	2,377		
Climate	Temperate zone							
Altitude range (m)	1,500 – 2,500							
Soil type	Alkaline soil							
Medical value	Gastric, Rheumatism Goitre, Teeth ache							

Plant number: MP 105

Name	Scientific/English/ Sanskrit		<i>Nardostachys species</i>				
	Local		Nan Jatamasi/ Sano Jatamasi				
Location	Gana Patal – Dopakhe – kunaidevodi, Darchula						
	E	449186	N	3293911	El. (m)	2,180	
Climate	Temperate zone						
Altitude range (m)	1,500 – 2,500						
Soil type	Loamy black soil						
Medical value	Brain wound, Headache Heart attack, Low BP						

Plant number: MP 106

Name	Scientific/English/ Sanskrit		<i>Potentilla nepalensis</i>			
	Local		Bajra danti Jhad/ Datiwani Jhad			
Location	Down side Balshikhar NTC Tower Darchula					
	E	448908	N	3294474	El. (m)	2,010
Climate	Temperate zone					
Altitude range (m)	2,000 – 5,000					
Soil type	Normal soil					
Medical value	Strong and white teeth Diarrhea, Dysentery, Throat Cancer					

Plant number: MP 107

Name	Scientific/English/ Sanskrit			<i>Astilbe rivularis</i>				
	Local			Sangkuchak/ Thulo okhati				
Location	Dopakhe Jungle Dattu and Dhap BDC, Darchula							
	E	448674	N	3294538	El. (m)	2,012		
Climate	Temperate zone							
Altitude range (m)	1,500 – 2,500							
Soil type	Dry soi							
Medical value	Rheumatism, Female disease Body pain							

Plant number: MP 108

Name	Scientific/English/ Sanskrit		<i>Juglans regia</i>				
	Local		Hade Okhar				
Location	Pangar jungle – Panipaharo, Dhap – Nwalipani Boarder Darchula						
	E	448743	N	3294539	El. (m)	2,120	
Climate	Temperate zone						
Altitude range (m)	1,200 – 3,000						
Soil type	Acidic soil						
Medical value	Cough, Asthma, Common cold Sexual disease						

Plant number: MP 109

Name	Scientific/English/ Sanskrit		<i>Canna species</i>		
	Local		Keladi Dhoule/ Kerapate pustakari seto		
Location	Jogichour – Nwalipani Vagabati VDC, Darchula				
	E	449266	N	3293849	El. (m) 2,273
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	Alkaline dry soil				
Medical value	Stomach Inflammation, Intestinal wound Low BP				

Plant number: MP 110

Name	Scientific/English/ Sanskrit		<i>Rascoeia capitata</i>		
	Local		Musali Safedi lekali/Swet musli Himali		
Location	Nwalipani – 7, Vagabati VDC, Darchula				
	E	449349	N	3293513	El. (m) 2,122
Climate	Temperate zone				
Altitude range (m)	1,800 – 2,800				
Soil type	Red sticky soil				
Medical value	Kidney disease, Heart disease Calcium source				

Plant number: MP 111

Name	Scientific/English/ Sanskrit		<i>Mohonia nepaulensis</i>			
	Local		Chatthare/ Jamani mandro			
Location	Thingdhar – Vagabati VDC, Darchula					
	E	449049	N	3292881	El. (m)	1,818
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Acidic soil					
Medical value	Constipation, High BP Hepatitis, Fever					

Plant number: MP 112

Name	Scientific/English/ Sanskrit		<i>Quercus species</i>			
	Local		Katouj/ Katus lekali/ Kataj			
Location	Rastriya Madhaymik Bidhalaya, Thing – Vagabati VDC, Darchula					
	E	448457	N	3291692	El. (m)	1,637
Climate	Temperate zone					
Altitude range (m)	1,500 – 2,500					
Soil type	Red sticky soil					
Medical value	Rheumatism, Diarrhea, Dysentery					

Plant number: MP 113

Name	Scientific/English/ Sanskrit			<i>Tinospora sinensis</i>		
	Local			Gurjo Belo/ Giloya		
Location	Jiunada – 5, Vagabati VDC, Darchula					
	E	447789	N	3290580	El. (m)	1,330
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	General soil					
Medical value	Urine Disease, HIV/AIDS Malarian fever, Jaundice Liver Cancer					

Plant number: MP 114

Name	Scientific/English/ Sanskrit			<i>Phytolacca acinosa</i>		
	Local			Jarga/ Jaringo		
Location	Sallo Ban – Krejar, Vagabati VDC, Darchula					
	E	448341	N	3291029	El. (m)	1,618
Climate	Temperate zone					
Altitude range (m)	1,500 – 2,500					
Soil type	Black loamy soil					
Medical value	Skin disease					
	Rheumatism, Constipation					

Plant number: MP 115

Name	Scientific/English/ Sanskrit			<i>Celtis australis</i>			
	Local			Khaduko/ Khari			
Location	Vagabati temple – 4 Vagabati VDC, Darchula						
	E	446889	N	3290715	El. (m)	1,015	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	Red dry soil						
Medical value	Diabetes, Female disease						
	Rheumatism, Improves digestion						

Plant number: MP 116

Name	Scientific/English/ Sanskrit			<i>Cyclobalanopsis lamellose</i>		
	Local			Falant		
Location	Falant Bari Ward No. 5, Vagabati VDC, Darchula					
	E	446967	N	3290689	El. (m)	1,074
Climate	Temperate zone					
Altitude range (m)	1,500 – 3,000					
Soil type	Black fertile soil					
Medical value	Cough, Hearin problem					
	Rheumatism					
	Diarrhea, Dysentery					

Plant number: MP 117

Name	Scientific/English/ Sanskrit		<i>Clamatis species</i>				
	Local		Vaisi Kanno/ Vaisi Kane Laharo				
Location	Shelichama – 2, Shankarpur, Darchula						
	E	446905	N	3290578	El. (m)	1,053	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Acidic soil						
Medical value	Rheumatism						
	Body pain, Skin disease						

Plant number: MP 118

Name	Scientific/English/ Sanskrit		<i>Mucuna nigricans</i>				
	Local		Kali Kauchho/ Kauso Kali				
Location	Ward no. 2 Shankarpur VDC, Darchula						
	E	446937	N	3290210	El. (m)	1,271	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Black soil						
Medical value	Rheumatism						
	Body pain, Polio						
	Paralysis						

Plant number: MP 119

Name	Scientific/English/ Sanskrit		<i>Cinnamomum tamala</i>				
	Local		Tejpat				
Location	Panigad – 1, Shankarpur VDC, Darchula						
	E	446821	N	3288850	El. (m)	1,718	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,500						
Soil type	Alkaline soil						
Medical value	Cough, Rheumatism						
	Stomach disease						

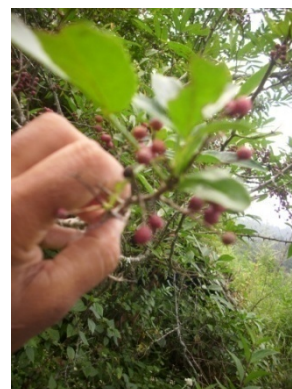

Plant number: MP 120

Name	Scientific/English/ Sanskrit			<i>Girardinia diversifolia</i>			
	Local			Allo/ Alla			
Location	Kholechoura ward no. 2, Shankarpur, Darchul						
	E	447172	N	3288682	El. (m)	1,748	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	Acidic soil						
Medical value	Low BP, Rheumatism						
	Diabetes, Cough						

Plant number: MP 121

Name	Scientific/English/ Sanskrit		<i>Zanthoxylum armatum</i>			
	Local		Timur/ Parpare Timur			
Location	Terchhalek – 3, Shankarpur, Mallikarjun, Bohari Gaun, Darchula					
	E	449037	N	3287197	El. (m)	1,794
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Acidic soil					
Medical value	Toothache, Asthma Rheumatism, Nostralgia					

Plant number: MP 122

Name	Scientific/English/ Sanskrit		Artemisia dubia			
	Local		Kurjo/ Titepati			
Location	Pane Banj – Gwani VDC, Darchula					
	E	450963	N	3287371	El. (m)	1,847
Climate	Temperate zone					
Altitude range (m)	1,200 – 2,800					
Soil type	Alkaline soil					
Medical value	Wounds and allergy, Scabies Fever, TB, Jaundice, High BP					

Plant number: MP 123

Name	Scientific/English/ Sanskrit			<i>Viburnam mullah</i>		
	Local			Titya Malla/ Malayo		
Location	Khari Khani – Milmili – Gwani VDC, Darchula					
	E	451861	N	3286361	El. (m)	1,852
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Acidic soil					
Medical value	Bladder disease, Rheumatism Piles, Dysentery, Blood Cancer					

Plant number: MP 124

Name	Scientific/English/ Sanskrit		<i>Pyrus pashia</i>			
	Local		Mel/ Mayal			
Location	Ghopte – 8, Bohari Gaun, Darchula					
	E	452393	N	3285819	El. (m)	1,968
Climate	Temperate zone					
Altitude range (m)	1,300 – 2,500					
Soil type	Loose fertile soil					
Medical value	Asthma, Nostralgry Lung Problem, Swollen liver					

Plant number: MP 125

Name	Scientific/English/ Sanskrit		<i>Myrica esculanta</i>				
	Local		Kafal/ Kaifal				
Location	Daha lek – 8, Bohari Gaun VDC, Darchula						
	E	451886	N	3285757	El. (m)	1,915	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	Red loose soil						
Medical value	Rheumatism, Cough Paralysis, Body pain						

Plant number: MP 126

Name	Scientific/English/ Sanskrit		<i>Piper chaba</i>			
	Local		Chabo/ Pipli			
Location	Kathaibata, Mourivitta ward no. 8, Bohari Gaun VDC, Darchula					
	E	451358	N	3286310	El. (m)	2,056
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Black damp soil					
Medical value	Cough, Asthma, Nostralg					

Plant number: MP 127

Name	Scientific/English/ Sanskrit		<i>Morchella deliciosa</i>			
	Local		Gucchi Chyau			
Location	Sugarkhale Devthali ward No. 9, Bohari Gaun VDC, Darchula					
	E	451014	N	3286690	El. (m)	2,086
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,500					
Soil type	Decaying materials					
Medical value	Heals wound, Constipation Intestinal disease					

Plant number: MP 128

Name	Scientific/English/ Sanskrit			<i>Quercus lamellose</i>		
	Local			Ryanj/Badi Bang		
Location	Devthali Hight – 9, Bohari Gaun VDC, Darchula					
	E	450458	N	3286680	El. (m)	2,029
Climate	Temperate zone					
Altitude range (m)	1,600 – 2,800					
Soil type	Acidic soil					
Medical value	Common cold, Uric acid Rheumatism, Tonsil					

Plant number: MP 129

Name	Scientific/English/ Sanskrit		<i>Grewia subinaequalis</i>		
	Local		Viul/ Veul/ Vimal		
Location	Dobato – Derthali – 9, Bohari Gaun VDC, Darchula				
	E	449194	N	3286911	El. (m) 1,867
Climate	Tropical and temperate zones.				
Altitude range (m)	400 – 1,500				
Soil type	Acidic soil				
Medical value	Stomach disease Constipation, Rheumatism				

Plant number: MP 130

Name	Scientific/English/ Sanskrit		<i>Curcuna zedoaria</i>				
	Local		Nirkachur/Nilhaldi				
Location	Devthali – 9, Bohari Gaun VDC, Darchula						
	E	449347	N	3286295	El. (m)	1,750	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Acidic red soil						
Medical value	HIV/AIDS, Lung problem Goiter, Lung disease Dysentery						

Plant number: MP 131

Name	Scientific/English/ Sanskrit		<i>Kaempferia rotunda</i>		
	Local		Vuinchampa/ Champi		
Location	Polekhani – 3, Amkur Ritthachoupata VDC, Darchula				
	E	449191	N	3285746	El. (m) 1,517
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	Acidic soil				
Medical value	Protein source, Body ache Rheumatism, Intestinal wound				

Plant number: MP 132

Name	Scientific/English/ Sanskrit		<i>Diploknema bnutyra</i>			
	Local		Chiura/ Chiuri			
Location	Amkurgad – 3, Rithachoupata VDC, Darchula					
	E	449058	N	3285413	El. (m)	1,309
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 1,700					
Soil type	Acidic soil					
Medical value	Bodyache, Purify blood Constipation, Indigestion					

Plant number: MP 133

Name	Scientific/English/ Sanskrit		<i>Nephrolepis auriculata</i>				
	Local		Panipoko/ Rasmudo/ Pani amala				
Location	Rantayad – 3, Ritthachoupata VDC, Darchula						
	E	448622	N	3285387	El. (m)	1,453	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	Rocky sandy and damp soil						
Medical value	Bladder disease, Hepatitis B,C						
	High BP						
	Liver cancer						

Plant number: MP 134

Name	Scientific/English/ Sanskrit		<i>Leea macrophylla</i>			
	Local		Kumali / Galani			
Location	Rantayad pahiro – 3, Ritthachoupata VDC, Darchula					
	E	448541	N	3285361	El. (m)	1,445
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 1,800					
Soil type	Acidic Damp soil					
Medical value	Diarrhea, Dysentery Stomach disease					

Plant number: MP 135

Name	Scientific/English/ Sanskrit		<i>Phyllanthus embelica</i>					
	Local		Anla/ Amala					
Location	Holebata – 3, Ritthachoupata VDC, Darchula							
	E	448652	N	3284775	El. (m)	1,515		
Climate	Tropical and temperate zones.							
Altitude range (m)	1,000 – 3,000							
Soil type	Acidic and alkaline soil							
Medical value	Urine infection, Jaundice							
	Rheumatism							

Plant number: MP 136

Name	Scientific/English/ Sanskrit		<i>Carcuma aromatic</i>				
	Local		Ban Haldi/ Banhaldo				
Location	Chhela – 2, Ritthachoupata VDC, Darchula						
	E	448437	N	3284320	El. (m)	1,615	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	General soil						
Medical value	Cough, Fever						
	Constipation, Tonsil						

Plant number: MP 137

Name	Scientific/English/ Sanskrit		<i>Cheilanthes tenuifolia</i>			
	Local		Damsinki/ Damkhando/ Ranisinka			
Location	Damsaina – 2, Ritthachoupata VDC, Darchula					
	E	448392	N	3284041	El. (m)	1,638
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	General soil					
Medical value	Bronchitis, Nostralg Rheumatism, Leprosy, Asthma					

Plant number: MP 138

Name	Scientific/English/ Sanskrit			<i>Spheranthus indicus</i>		
	Local			Gorakhpan/ Gorakhmundi		
Location	Kharkada ward no. 3, Darchula					
	E	448436	N	3283946	El. (m)	1,624
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	General soil					
Medical value	Indigestion, Rheumatism Gastric, Summer fever					

Plant number: MP 139

Name	Scientific/English/ Sanskrit			<i>Mentha arvensis</i>		
	Local			Padam/ Pudina		
Location	Police Station, Ritthachoupata VDC, Darchula					
	E	448319	N	3283230	El. (m)	1,613
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Acidic soil					
Medical value	Piles, Conjunctivities Asthma					

Plant number: MP 140

Name	Scientific/English/ Sanskrit		<i>Berberis aristata</i>				
	Local		Kimado/ Chutro				
Location	Patidanda, Khakada VDC, Darchula						
	E	447740	N	3283099	El. (m)	1,592	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	Acidic soil						
Medical value	Piles, Indigestion						
	Night blindness, Jaundice						

Plant number: MP 141

Name	Scientific/English/ Sanskrit		<i>Elaeagnus parvifolia</i>			
	Local		Gyali/ Guyanli			
Location	Pati vir, Kharkada VDC, Darchula					
	E	447497	N	3282711	El. (m)	1,560
Climate	Temperate zone					
Altitude range (m)	1,500 – 3,000					
Soil type	Acidic soil					
Medical value	Constipation, Jaundice Kidney, heart and liver disease					

Plant number: MP 142

Name	Scientific/English/ Sanskrit		<i>Cissampelos pareira</i>			
	Local		Garjya Gano/ Guddar ganu			
Location	Latinath Community forest, Head point Kharkada VDC, Darchula					
	E	447596	N	3282516	El. (m)	1,457
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Rocky soil					
Medical value	Diarrhea, Dysentery Stomach disease					

Plant number: MP 143

Name	Scientific/English/ Sanskrit		<i>Habenaria acuminata</i>			
	Local		Bridika/ Briddi			
Location	Kainoda – 5, Sharmouli VDC, Darchula					
	E	447662	N	3281254	El. (m)	1,422
Climate	Temperate and alpine zone					
Altitude range (m)	1,800 – 2,700					
Soil type	Red dry soil					
Medical value	Protein source Intestinal wound					

Plant number: MP 144

Plant Number: 114

Name	Scientific/English/ Sanskrit		<i>Amaranthus viridis</i>			
	Local		Chuwa/ Marsi			
Location	Ratamata – Pakhakhhet – 5, Kuni village Sharmouli VDC, Darchula					
	E	447850	N	3280299	El. (m)	1,532
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Loose dry soil					
Medical value	Constipation, Stomach disease Bladder disease					

Plant number: MP 145

Name	Scientific/English/ Sanskrit		<i>Centella asiatica</i>				
	Local		Khochade/ Brami				
Location	Ningle – Patal – 5, Kuni Salla Sharmouli VDC, Darchula						
	E	447896	N	3279747	El. (m)	1,535	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,500						
Soil type	General soil						
Medical value	Rheumatism, Heart disease Mental problem, Janudice						

Plant number: MP 146

Name	Scientific/English/ Sanskrit		<i>Achyranthes aspera</i>				
	Local		Bippe kanno/ Datiwone				
Location	Khaya – Kedar Dhura – 5, lali VDC, Darchula						
	E	446850	N	3279192	El. (m)	1,660	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Acidic soil						
Medical value	Kidney Stone, Rheumatism Hearing problem						

Plant number: MP 147

Name	Scientific/English/ Sanskrit		<i>Chenopodium album</i>				
	Local		Bethu/ Chharebethe				
Location	Fanla village – 5, Kuni VDC, Darchula						
	E	447115	N	3279284	El. (m)	1,640	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Acidic and sandy soil						
Medical value	Jaundice, Hepatitis Leprosy Skin Problem						

Plant number: MP 148

Name	Scientific/English/ Sanskrit			<i>Justicia adhatoda</i>		
	Local			Basingo/ Asuro		
Location	Kuni – 5, Lali VDC, Darchula					
	E	448013	N	3279451	El. (m)	1,560
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Red alkaline soil					
Medical value	Asthma, Jaundice Tonsil, Rheumatism					

Plant number: MP 149

Name	Scientific/English/ Sanskrit		<i>Plantago major</i>				
	Local		Isabgol Nan/Sano Isabgol				
Location	Ganagaun village, Lali VDC, Darchula						
	E	446277	N	3279372	El. (m)	1,440	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	General soil						
Medical value	Digestion, Urine Infection Constipation, Diarrhea						

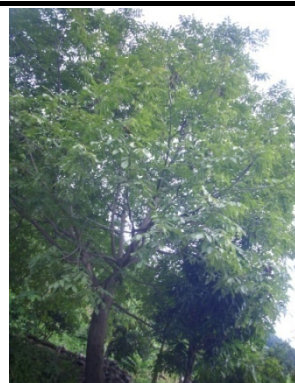

Plant number: MP 150

Name	Scientific/English/ Sanskrit		<i>Sterculia villosa</i>				
	Local		Odal				
Location	Shree Kedar Temple – Ganagaun – 5 Lali VDC, Darchula						
	E	446132	N	3279482	El. (m)	1,363	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Alkaline soil						
Medical value	Body pain, Constipation Heart disease						

Plant number: MP 151

Name	Scientific/English/ Sanskrit			<i>Salvadora oleoides</i>		
	Local			Okhar Dante		
Location	Satyadi village, Lali VDC, Darchula					
	E	445478	N	3279574	El. (m)	1,263
Climate	Temperate zone					
Altitude range (m)	1,000 – 3,000					
Soil type	Alkaline soil					
Medical value	Rheumatism Bladder disease, Urine infection					

Plant number: MP 152

Name	Scientific/English/ Sanskrit		<i>Muccuna pruriens</i>			
	Local		Dhoule Kauchho/ Kauso seto			
Location	Pipal Chouri – 4, Lali VDC, Darchula					
	E	444918	N	3279600	El. (m)	1,079
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 1,800					
Soil type	Acidic soil					
Medical value	Diabetes, Heals wound					

Plant number: MP 153

Name	Scientific/English/ Sanskrit			<i>Eugenia jambolana</i>		
	Local			Faldo/ Fanir		
Location	Makanna School, Lali VDC, Darchula					
	E	444487	N	3280282	El. (m)	750
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Sandy loose soil					
Medical value	Rheumatism Common cold Mental problem					

Plant number: MP 154

Name	Scientific/English/ Sanskrit			<i>Gossypium herbaceum</i>		
	Local			Kapse/ Kapas		
Location	Khandre Khet – 4, Makanna Lali VDC, Darchula					
	E	443732	N	3280535	El. (m)	728
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Dry alkaline soil					
Medical value	Body pain, Stomach problems Reliefs tension					

Plant number: MP 155

Name	Scientific/English/ Sanskrit			<i>Vetiveria zizanooides</i>		
	Local			Usir/ Usiro		
Location	Kannala Ejar, Makanna, Mahakali, Darchula					
	E	443257	N	3280710	El. (m)	641
Climate	Tropical zone					
Altitude range (m)	500 – 2,000					
Soil type	Acidic soil					
Medical value	Blood disease					
	Increase digestion					

Plant number: MP 156

Name	Scientific/English/ Sanskrit			<i>Morus macroura</i>		
	Local			Kim/ Kimbu		
Location	Goujegada – 4, Lali VDC, Darchula					
	E	442920	N	3280759	El. (m)	688
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Acidic soil					
Medical value	Blood disease					
	Increase Appetite					

Plant number: MP 157

Name	Scientific/English/ Sanskrit		<i>Pedaliu merux</i>				
	Local		Goukhur				
Location	Buddigad Bagad, Lali VDC, Darchula						
	E	442955	N	3281144	El. (m)	661	
Climate	Tropical zone						
Altitude range (m)	500 – 2,000						
Soil type	Salty Soil						
Medical value	Protein source, Urinary infection Stone disease						

Plant number: MP 158

Name	Scientific/English/ Sanskrit			<i>Alstonia scholaris</i>		
	Local			Chhatiwon		
Location	Buddigad River side, Lali, Darchula					
	E	443229	N	3281579	El. (m)	680
Climate	Tropical zone					
Altitude range (m)	500 – 1,500					
Soil type	Alkaline soil					
Medical value	Rheumatism Diabetes, Back Pain					

Plant number: MP 159

Name	Scientific/English/ Sanskrit		<i>Oroxylum indicum</i>				
	Local		Faltote/ Tatelo				
Location	Airpali Near the Bridge, Airpali, Lali VDC, Darchula						
	E	443489	N	3281979	El. (m)	717	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,500 – 3,000						
Soil type	Hot and dry soil						
Medical value	Asthma, Cough Respiratory disease, Jaundice						

Plant number: MP 160

Name	Scientific/English/ Sanskrit			<i>Sapium insigne</i>		
	Local			Lampate Kirro		
Location	Airpali – 3, Lali VDC, Darchula					
	E	443888	N	3282150	El. (m)	785
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Rocky soil					
Medical value	Ear problem					
	Cures pimples					

Plant number: MP 161

Name	Scientific/English/ Sanskrit			<i>Terminalia bellirica</i>		
	Local			Barado/Barro		
Location	Airpali, and Buchpali, Lali VDC, Darchula					
	E	444184	N	3282349	El. (m)	794
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 1,600					
Soil type	General soil					
Medical value	Common cold, Asthma Respiratory disease Rheumatism					

Plant number: MP 162

Name	Scientific/English/ Sanskrit			<i>Bauhinia vahlii</i>		
	Local			Malu Belo/ Vorlo		
Location	Laligad Chira Tree, Lali VDC, Darchula					
	E	443273	N	3281806	El. (m)	694
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Alkaline soil					
Medical value	Joint pain Rheumatism, Stomach pain					

Plant number: MP 163

Name	Scientific/English/ Sanskrit			<i>Acacia nilotica</i>			
	Local			Babul/ Babbul			
Location	Bachpali village, Kharkada VDC, Darchula						
	E	444419	N	3282143	El. (m)	880	
Climate	Tropical zone						
Altitude range (m)	500 – 2,000						
Soil type	Salty and sandy soil						
Medical value	Bladder disease, Fractured Body parts Rheumatism, Diarrhea						

Plant number: MP 164

Name	Scientific/English/ Sanskrit			<i>Cydonia vulgaris</i>		
	Local			Bihin/ Vihi		
Location	Buchpali Height, Kharkada VDC, Darchula					
	E	444729	N	3282130	El. (m)	890
Climate	Tropical and temperate zones.					
Altitude range (m)	250 – 800					
Soil type	Acidic soil					
Medical value	Blood disease					
	Rheumatism, Cough					

Plant number: MP 165

Name	Scientific/English/ Sanskrit		<i>Acacia catechu</i>				
	Local		Khayar				
Location	Gadkhet, Lali VDC, Darchula						
	E	444423	N	3282511	El. (m)	733	
Climate	Tropical zone						
Altitude range (m)	500 – 1,500						
Soil type	Sticky red soil						
Medical value	Cough, Tonsil						
	Leprosy						
	Asthma						

Plant number: MP 166

Name	Scientific/English/ Sanskrit		Big cotton plant			
	Local		Kal kapas Badi/ Kali kapas			
Location	Lali village – Lali VDC, Darchula					
	E	442693	N	3281152	El. (m)	755
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Sandy soil					
Medical value	Joint Pain Bone problem					

Plant number: MP 167

Name	Scientific/English/ Sanskrit		<i>Plumbago species</i>				
	Local		Kal Chitrak/ Chitukalo				
Location	Sall Ban – Gumakholi village Lali VDC, Darchula						
	E	443274	N	3282750	El. (m)	1,156	
Climate	Tropical zone						
Altitude range (m)	200 – 1,000						
Soil type	Alkaline soil						
Medical value	Body Pain, HIV/AIDS						
	Paralysis, Blood Cancer						

Plant number: MP 168

Name	Scientific/English/ Sanskrit		<i>Madhuka longifolia</i>				
	Local		Mahuwa Garmiko				
Location	Lali village last Height Lali VDC, Darchula						
	E	442028	N	3282006	El. (m)	755	
Climate	Tropical zone						
Altitude range (m)	500 – 1,500						
Soil type	Sandy soil						
Medical value	Rheumatism						
	Paralysis, Bladder disease, Piles						

Plant number: MP 169

Name	Scientific/English/ Sanskrit		<i>Negella sativa</i>				
	Local		Mugrello				
Location	Kharka – Gumakholi, Lali VDC, Darchula						
	E	442259	N	3282230	El. (m)	935	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Rocky soil						
Medical value	Fever, Constipation High BP Dysentery						

Plant number: MP 170

Name	Scientific/English/ Sanskrit		<i>Begonia picta</i>			
	Local		Chukilpate/ Makarkanchi			
Location	Sal – Chira Ban – Gumakholi, Lali VDC, Darchula					
	E	443049	N	3282603	El. (m)	1,124
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Damp soil					
Medical value	Heart disease Bladder disease Dysentery, Nausea					

Plant number: MP 171

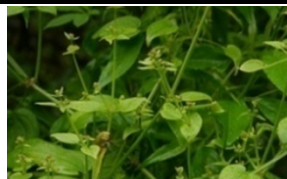

Name	Scientific/English/ Sanskrit		<i>Lilium wallichinum</i>			
	Local		Lasuneful/ Ban lasun			
Location	Khali Danda – Pipal Tree Lali VDC, Darchula					
	E	443274	N	3283671	El. (m)	1,411
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 2,500					
Soil type	Acidic fertilw/loamy soil					
Medical value	Wounds Gastric, Rheumatism					

Plant number: MP 172

Name	Scientific/English/ Sanskrit			<i>Rubia manjith</i>		
	Local			Manjith/ Misrittii Belo		
Location	Dwali Bagauda, Mudhe Chiura – 3 VDC					
	E	443845	N	3284063	El. (m)	1,453
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Soil with limestone					
Medical value	Skin disease Purify blood, Mental problem					

Plant number: MP 173

Name	Scientific/English/ Sanskrit		<i>Eclipta prostrata</i>			
	Local		Vringaraj/ Vumiraj			
Location	Harada – Haripur – 4, Dandakot, Darchula					
	E	443740	N	3284516	El. (m)	1,390
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Fertile loamy black soil					
Medical value	Jaundice, Hairfall Conjunctivities, Asthma					

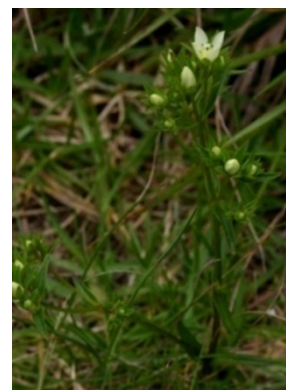

Plant number: MP 174

Name	Scientific/English/ Sanskrit		Swertia species			
	Local		Nan Lek Teto Safedi / Chiraito sano			
Location	Basan Dhunga – 9, Sall Ban Hunainath VDC, Darchula					
	E	444666	N	3286410	El. (m)	1,577
Climate	Temperate zone					
Altitude range (m)	1,200 – 3,000					
Soil type	Acidic soil					
Medical value	Fever, Asthma, Headache, Scabies					

Plant number: MP 175

Name	Scientific/English/ Sanskrit		<i>Fagopyrum dibotrys</i>			
	Local		Badi Jhankare/Banmade			
Location	Auta Lek – Jiunchhe – 9, Hunainath VDC, Darchula					
	E	445002	N	3286744	El. (m)	1,620
Climate	Temperate zone					
Altitude range (m)	1,500 – 3,500					
Soil type	Dry sandy soil					
Medical value	Anthelmintic, Snakebite Anodyne, Antiphlogistic					

Plant number: MP 176

Name	Scientific/English/ Sanskrit		<i>Curcuma domestica</i>			
	Local		Haldo/ Besar			
Location	Surmada – 9, Danda Gaun – VDC, Darchula					
	E	444259	N	3285350	El. (m)	1,105
Climate	Tropical with high rainfall					
Altitude range (m)	Terai to 1,500					
Soil type	Fertile loamy soil					
Medical value	Anti – inflammatory, Anti – malarial, Bactericide Fungicide, Antihelmintic					

Plant number: MP 177

Name	Scientific/English/ Sanskrit		<i>Cannabis sativa</i>		
	Local		Ganja/ Vang		
Location	Tukpali – 4, Dandakot VDC, Darchula				
	E	443720	N	3284720	El. (m) 1,166
Climate	Tropical and temperate zones.				
Altitude range (m)	Terai to 1,200				
Soil type	Alkaline silt or caly loam				
Medical value	Headache and migrane Mensural cramps, Nausea				

Plant number: MP 178

Name	Scientific/English/ Sanskrit		<i>Taraxacum officinale</i>				
	Local		Tuki Ful				
Location	Sal Ban VDC Building, Dandakot – VDC, Darchula						
	E	443852	N	3285450	El. (m)	1,101	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 1,600						
Soil type	Fertile loamy soil						
Medical value	Diuretic and laxative Rheumatic						

Plant number: MP 179

Name	Scientific/English/ Sanskrit		<i>Syzygium cumini</i>				
	Local		Jamun				
Location	Dune – 6, Amkhet – Dandakot VDC, Darchula						
	E	444316	N	3285878	El. (m)	1,168	
Climate	Tropical and temperate zones.						
Altitude range (m)	Terai to 1,600						
Soil type	Clay loamy soil						
Medical value	High BP, Gingivitis Anemia, Dysentery						

Plant number: MP 180

Name	Scientific/English/ Sanskrit		<i>Dendrobium macraei</i>			
	Local		Jiwonti/ Jibanti			
Location	Jiunchhe lek, border of Dandakot and Hunainath, Darchula					
	E	445864	N	3286672	El. (m)	1,761
Climate	Temperate zone					
Altitude range (m)	400 – 1,500					
Soil type	Clay soil					
Medical value	Athletic performance, Heat stroke Impotence, Anoria, TB					

Plant number: MP 181

Name	Scientific/English/ Sanskrit		<i>Toricellia fellifolia</i>				
	Local		Ban Angur				
Location	Primary – School, Salbona – 1, Hunainath Darchula						
	E	446421	N	3286797	El. (m)	1,777	
Climate	Temperate zone						
Altitude range (m)	800 – 2,200						
Soil type	General soil						
Medical value	Kidney and heart problem						

Plant number: MP 182

Name	Scientific/English/ Sanskrit		<i>Piper betel</i>			
	Local		Paan Belo/ Pan			
Location	Oudaha khan, Soule Ban Hunai nath and Shankarpur VDC, Darchula					
	E	446603	N	3288513	El. (m)	1,661
Climate	Tropical and temperate zones.					
Altitude range (m)	Terai to 1,800					
Soil type	Acidic soil					
Medical value	Antisetic, Sialogogue					

Plant number: MP 183

Name	Scientific/English/ Sanskrit		<i>Ficus neriifolia</i>				
	Local		Dudhilo Rukh/ Dudhe Bot				
Location	Nan – Hunainath Mandir – 1, Hunainath VDC, Darchula						
	E	446840	N	3287084	El. (m)	1,785	
Climate	Temperate zone						
Altitude range (m)	1,200 – 2,200						
Soil type	Alkaline Loose soil						
Medical value	Tonsil, Swollen Trachea Bad breath, Dirty Tongue						

Plant number: MP 184

Name	Scientific/English/ Sanskrit		<i>Aconitum gammiei</i>				
	Local		Atis				
Location	Airichhana – Sallo Ban (1 & 2), Hunainath VDC Darchula						
	E	447051	N	3287507	El. (m)	1,917	
Climate	Temperate and alpine Zone						
Altitude range (m)	2,200 – 4,500						
Soil type	Rocky black heavy clay						
Medical value	Stomach pain						

Plant number: MP 185

Name	Scientific/English/ Sanskrit		<i>Bauhinia purpurea</i>				
	Local		Koiral/ Koiralo				
Location	Pasti – 1, Pail mandaun Shankarpur VDC Darchula						
	E	445437	N	3289351	El. (m)	1,518	
Climate	Temperate zone						
Altitude range (m)	300 – 1,600						
Soil type	Loose soil						
Medical value	Anti – toxin Heal wound Grandular disease, Ulcer						

Plant number: MP 186

Name	Scientific/English/ Sanskrit		<i>Pyracantha crenulata</i>			
	Local		Ghangaru			
Location	Vuladi – 1, Shankarpur VDC, Darchula					
	E	445117	N	3289602	El. (m)	1,511
Climate	Temperate zone					
Altitude range (m)	700 – 2,500					
Soil type	Sandy, loamy, Clay soil					
Medical value	Kidney problem					

Plant number: MP 187

Name	Scientific/English/ Sanskrit		Aloe vera			
	Local		Patkwar/ Gritkumari			
Location	Pasti – 3, Shankarpur, Darchula					
	E	444707	N	3289762	El. (m)	1,534
Climate	Tropical and temperate zones.					
Altitude range (m)	Terai to 1,600					
Soil type	Sandy loamy soil					
Medical value	Constipation Gastric, Cancer, BP					

Plant number: MP 188

Name	Scientific/English/ Sanskrit		<i>Pyrus pashia</i>			
	Local		Badi Mel			
Location	Yaklekhola – 5, Shankarpur, Darchula					
	E	444623	N	3289963	El. (m)	1,576
Climate	Temperate zone					
Altitude range (m)	1,500 – 2,500					
Soil type	Sandy loamy soil					
Medical value	Diarrhea					

Plant number: MP 189

Name	Scientific/English/ Sanskrit		<i>Boehmeria species</i>		
	Local		Nan Dargitthi/ Dar Nan		
Location	Dharmapani – 4, Shankarpur, Darchula				
	E	440960	N	3290170	El. (m)
Climate	Tropical and temperate zones.				
Altitude range (m)	Terai to 2,500				
Soil type	General soil				
Medical value	Antiphlogistic, Astringent Women's complaints, Haemostatic, Poultice				

Plant number: MP 190

Name	Scientific/English/ Sanskrit		<i>Dhatura stramonium</i>			
	Local		Safed Dhaturu			
Location	Dhamlek – 6, Shankarpur VDC, Darchula					
	E	442826	N	3290358	El. (m)	1,596
Climate	Tropical and temperate zones.					
Altitude range (m)	Terai to 2,500					
Soil type	Sandy soil					
Medical value	Asthma, Headache Snake bites, Hemorrhids					

Plant number: MP 191

Name	Scientific/English/ Sanskrit		<i>Scilla indica</i>			
	Local		Hade lasun/ Jangali Thulo Pyaj			
Location	Sanajod – 4, Shankarpur, Darchula					
	E	442094	N	3290512	El. (m)	1,473
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 2,500					
Soil type	Acidic Damp soil					
Medical value	Stomach soil Uric acid, Urinary system					

Plant number: MP 192

Name	Scientific/English/ Sanskrit		<i>Didymocarpus pedicellatus</i>			
	Local		Kasturi/ Kumkum			
Location	Sadhani choura – 4, shankarpur VDC, Darchula					
	E	441823	N	3290338	El. (m)	1,427
Climate	Temperate zone					
Altitude range (m)	500 – 2,500					
Soil type	Damp rocky					
Medical value	TB, Cancer Respiratory problems					

Plant number: MP 193

Name	Scientific/English/ Sanskrit		<i>Niddle Coriander</i>			
	Local		Kane Dhaniya			
Location	Dhakya village warn No. 6, Uku VDC, Darchula					
	E	440380	N	3290530	El. (m)	956
Climate	Temperate zone					
Altitude range (m)	600 – 2,200					
Soil type	Loamy soil					
Medical value	Ulser, Stomach ache Aneima					

Plant number: MP 194

Name	Scientific/English/ Sanskrit		<i>Rorippa nasturtium</i>			
	Local		Sim Rayo/ Pore			
Location	Rateuda Khan, Uku VDC, Darchula					
	E	440071	N	3290000	El. (m)	1,069
Climate	Temperate zone					
Altitude range (m)	1,000 – 2,400					
Soil type	Loamy soil					
Medical value	Constipation Ulser, Stone disease					

Plant number: MP 195

Name	Scientific/English/ Sanskrit			<i>Mollotus philippensis</i>		
	Local			Rohinya/ Sindure		
Location	Ghatte kot Ban – 9, Pantapali, Uku VDC, Darchula					
	E	440793	N	3289776	El. (m)	1,040
Climate	Tropical Zone					
Altitude range (m)	Terai to 1,200					
Soil type	Dry and sticky soil					
Medical value	Malaria, Fever Tumer, Leprocy					

Plant number: MP 196

Name	Scientific/English/ Sanskrit		<i>Scoparia dulcis</i>			
	Local		Misri jhad/ Misrijhar			
Location	Pantapali – Ghattegad – 9, Uku VDC, Darchula					
	E	440747	N	3289550	El. (m)	848
Climate	Tropical and temperate zones.					
Altitude range (m)	Terai to 1,200					
Soil type	Acidic and damp soil					
Medical value	BP, Diabetes Stomach pain Indigestion					

Plant number: MP 197

Name	Scientific/English/ Sanskrit		<i>Pauzolia sanguinea</i>		
	Local		Jeblant/ Lipa		
Location	Chhini Bridge – Pantapali – 9, Uku VDC, Darchula				
	E	440334	N	3289344	El. (m) 900
Climate	Tropical and temperate zones.				
Altitude range (m)	500 – 2,400				
Soil type	Acidic soil				
Medical value	Constipation Joint pain, Gum weakness				

Plant number: MP 198

Name	Scientific/English/ Sanskrit		<i>Litsea monopetala</i>			
	Local		Kathamedo/ Kathmado/ Kutmero			
Location	Selpya village ward No. 5, Uku VDC, Darchula					
	E	438866	N	3289945	El. (m)	650
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 2,400					
Soil type	Dry and loose soil					
Medical value	Uric acid, BP, Blood purification					

Plant number: MP 199

Name	Scientific/English/ Sanskrit		<i>Sacchrum spontaneum</i>			
	Local		Kansh/ Kas			
Location	Pantapali Bagad – Uku VDC, Darchula					
	E	439848	N	3288870	El. (m)	745
Climate	Tropical Zone					
Altitude range (m)	Terai to 1,400					
Soil type	Sandy soil					
Medical value	Cure stone Urinary Problem, Blood purification					

Plant number: MP 200

Name	Scientific/English/ Sanskrit		<i>Evolvulus alsinoides</i>		
	Local		Shankhapuspi		
Location	VDC Building Sada,r Uku village, Uku VDC, Darchula				
	E	439415	N	3288966	El. (m) 713
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	Loamy black soil				
Medical value	Bladder disease, Fever Protein source, Mental disease				

Plant number: MP 201

Name	Scientific/English/ Sanskrit		<i>Musa paradisiaca</i>				
	Local		Kela/ Kera				
Location	Jadani – 5, Uku VDC, Darchula						
	E	438767	N	3290857	El. (m)	745	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Loamy black soil						
Medical value	Diarrhea, Dysentery Constipation, Juandice						

Plant number: MP 202

Name	Scientific/English/ Sanskrit		<i>Imperata cylindrica</i>				
	Local		Siru Mitha				
Location	Joljibi Bagad, Uku VDC, Darchula						
	E	438953	N	3291239	El. (m)	698	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Dry soil						
Medical value	Rheumatism Cough, Diabetes Bladder disease						

Plant number: MP 203

Name	Scientific/English/ Sanskrit		<i>Euphorbia thymifolia</i>				
	Local		Nan – Dugdhi				
Location	Joljibi – Pipal Tree 5 Uku VDC, Darchula						
	E	439622	N	3291143	El. (m)	703	
Climate	Tropical and temperate zones.						
Altitude range (m)	500 – 3,000						
Soil type	Loamy and loose soil						
Medical value	Diabetes, HIV/AIDS Fever, Blood disease						

Plant number: MP 204

Name	Scientific/English/ Sanskrit		<i>Oxlis corniculata</i>				
	Local		Sunaulo Charmalli – Nan				
Location	Jhulaghat Pipal Tree, Dasharath Municipality, Baitadi						
	E	439612	N	3291129	El. (m)	612	
Climate	Tropical and temperate zones.						
Altitude range (m)	500 – 3,000						
Soil type	Acidic soil						
Medical value	Bladder disease, Indigestion Conjunctivities, Blood disease						

Plant number: MP 205

Name	Scientific/English/ Sanskrit	<i>Tikta Brihatki</i>				
	Local	Tamakhe/ Tito bihi				
Location	E	439913	N	3271377	El. (m)	649
Climate	Tropical Zone					
Altitude range (m)	500 – 1,000					
Soil type	Dry and loose soil					
Medical value	Stomach disease Jaundice, Fever					

Plant number: MP 206

Name	Scientific/English/ Sanskrit				<i>Adina cordifolia</i>		
	Local				Karma/ Halduwa		
Location	Tripura jungle, Dasharath Municipality ward No. 8, Baitadi						
	E	439490	N	3270197	El. (m)	666	
Climate	Tropical Zone						
Altitude range (m)	Terai to 1,000						
Soil type	Acidic soil						
Medical value	Indigestion Blood disease Bladder disease						

Plant number: MP 207

Name	Scientific/English/ Sanskrit			<i>Anthocephalus cadamba</i>		
	Local			Kadam/ Kadamba		
Location	Naltadi Bagad Pakha, Dasharath Municipality, Baitadi					
	E	438403	N	3270367	El. (m)	647
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Loamy black soil					
Medical value	Indigestion					

Plant number: MP 208

Name	Scientific/English/ Sanskrit			<i>Cyperus esculentus</i>		
	Local			Kaseru/ Raj kaseru		
Location	Budda – 11, Dasharath Municipality, Baitadi					
	E	439011	N	3269673	El. (m)	834
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Normal soil					
Medical value	Heart disease					

Plant number: MP 209

Name	Scientific/English/ Sanskrit		<i>Nerium oleander</i>		
	Local		Kaneura sadabahar/ Kaner		
Location	Barakot – 11 Dasharath Municipality Baitadi				
	E	438227	N	3268890	El. (m) 928
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	Acidic soil				
Medical value	Increase eye site				

Plant number: MP 210

Name	Scientific/English/ Sanskrit		<i>Trianthema pentandra</i>			
	Local		Safedi Nawa/ Sowet Punarnawa			
Location	SatpaliChiuraTree – 11, Dasharath Municipality, Baitadi					
	E	438031	N	3268405	El. (m)	810
Climate	Tropical Zone					
Altitude range (m)	500 – 1,500					
Soil type	General					
Medical value	Gastric, Intestinal wound, Stomach inflammation					

Plant number: MP 211

Name	Scientific/English/ Sanskrit		<i>Ampelocissus latifolia</i>			
	Local		Pureni/ Pudayan Belo			
Location	Nagarjun Dev Temple, Simal Tree Satpali – 11, Dasharath Municipality Baitadi					
	E	437770	N	3268047	El. (m)	771
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Loamy soil					
Medical value	High BP, Diabetes, Blood disease, Mental disease					

Plant number: MP 212

Name	Scientific/English/ Sanskrit		<i>Euphorbia species</i>			
	Local		Badi Dugdhi/ Dudhe			
Location	Matela Bagad–11, Bar Tree, Dasharath Municipality, Baitadi					
	E	437831	N	3266911	El. (m)	595
Climate	Tropical and temperate zones.					
Altitude range (m)	Terai to 2,000					
Soil type	Loamy soil					
Medical value	Diabetes, Blood disease Mental disease, High BP					

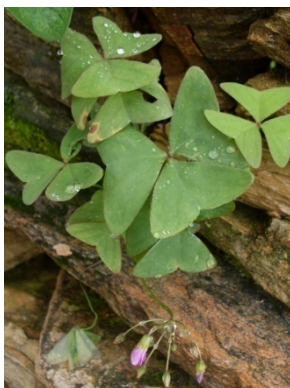

Plant number: MP 213

Name	Scientific/English/ Sanskrit			<i>Gymnema sylvestris</i>			
	Local			Gudmar/ Madhunasini			
Location	Nilgad Bagad – 11, Dasharath Municipality, Baitadi						
	E	437695	N	3266779	El. (m)	575	
Climate	Tropical Zone						
Altitude range (m)	500 – 2,000						
Soil type	Acidic, dry and loose soil						
Medical value	Diabetes						

Plant number: MP 214

Name	Scientific/English/ Sanskrit		<i>Oxalis acetosella</i>		
	Local		Nan charmali lal/ Rato Chari Amilo		
Location	Simtadi – 11, Dasharath Municipality, Baitadi				
	E	436920	N	3265893	El. (m) 583
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	Dry and loose soil				
Medical value	Indigestion, High BP Eradicates smoking and drinking Habit				

Plant number: MP 215

Name	Scientific/English/ Sanskrit		<i>Jasminum nepalense</i>			
	Local		Jai Benelu			
Location	Lichhudigad – Giregada, Baitadi					
	E	436949	N	3266096	El. (m)	584
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Alkaline soil					
Medical value	BP, Fever, Jaundice Bladder disease					

Plant number: MP 216

Name	Scientific/English/ Sanskrit		<i>Crotolaria juncea</i>			
	Local		Vango – San/ Sanai/ Sanvango			
Location	Khajuri – Thakal Tree – Manail ward No. 7, Jungle Giregada VDC, Baitadi					
	E	437064	N	3265687	El. (m)	604
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Sticky red yellow soil					
Medical value	Rheumatism, Sleeplessness Diarrhea, Dysentery					

Plant number: MP 217

Name	Scientific/English/ Sanskrit		<i>Celtis tetrandra</i>		
	Local		Nan Khaduko/ Sano Khari		
Location	Manail–7, Giregada, Baitadi				
	E	436708	N	3265102	El. (m)
Climate	Tropical and temperate zones.				
Altitude range (m)	Terai to 1,800				
Soil type	Loose soil				
Medical value	Indigestion, Joint pain Dysentery, Diabetes				

Plant number: MP 218

Name	Scientific/English/ Sanskrit		<i>Holarrhena pubescens</i>			
	Local		Kutaj/ Indrajou/ Kurou			
Location	Daha – Patal – Giregada, Baitadi					
	E	436193	N	3264547	El. (m)	601
Climate	Tropical Zone					
Altitude range (m)	Terai to 1,500					
Soil type	Sticky yellow soil					
Medical value	Stomach wound, TB Cancer, High BP					

Plant number: MP 219

Name	Scientific/English/ Sanskrit		<i>Passiflora edulis</i>			
	Local		Belo Amp/ Lahare Aap			
Location	Tarakot – 7, Giregada VDC, Baitadi					
	E	435362	N	3264871	El. (m)	647
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Loamy black soil					
Medical value	Indigestion Purify Blood Stomach inflammation					

Plant number: MP 220

Name	Scientific/English/ Sanskrit		<i>Azadirachta indica</i>			
	Local		Neem/ Nim			
Location	Kimadi Ghat, Giregada Mahakali River, Baitadi					
	E	434626	N	3263973	El. (m)	607
Climate	Tropical Zone					
Altitude range (m)	500 – 2,000					
Soil type	Normal soil					
Medical value	Leprosy, Bladder disease Rheumatism, Cough, Piles					

Plant number: MP 221

Name	Scientific/English/ Sanskrit		<i>Operculina turpethum</i>				
	Local		Nishoth				
Location	Tallivag Balara, River side Giregada VDC, Baitadi						
	E	434173	N	3263599	El. (m)	698	
Climate	Tropical Zone						
Altitude range (m)	Terai to 1,000						
Soil type	Loose soil						
Medical value	Fever, Liver disease						
	HIV/AIDS, Rheumatism						

Plant number: MP 222

Name	Scientific/English/ Sanskrit		<i>Smilax ovalifolia</i>			
	Local		Kukulethi/kukurdahino Garmiko			
Location	Khayar Tree, Balara – Giregada VDC, Baitadi					
	E	433560	N	3263268	El. (m)	633
Climate	Tropical Zone					
Altitude range (m)	Terai to 1,200					
Soil type	Loose acidic soil					
Medical value	Constipation					
	Paralysis, Skin diseases					

Plant number: MP 223

Name	Scientific/English/ Sanskrit			<i>Nyctanthes arbortristis</i>		
	Local			Parijat/ Harsingar		
Location	Bijulko Fed Rodidewol VDC, Baitadi					
	E	433623	N	3262281	El. (m)	670
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Rocky alkaline soil					
Medical value	High BP, Heart disease Diarrhea, Dysentery					

Plant number: MP 224

Name	Scientific/English/ Sanskrit		<i>Rumiex hastatus</i>			
	Local		Chalmado ratpate/ Almado			
Location	Deudi Mandir, Pipal Dovan, River Rodidewol VDC, Baitadi					
	E	433098	N	3261847	El. (m)	561
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Loose soil					
Medical value	Constipation, Diarrhea Dysentery, Jaundice					

Plant number: MP 225

Name	Scientific/English/ Sanskrit		<i>Amorphopallus paeonilfolius</i>				
	Local		Jimikanda/ Ool				
Location	Pipal Tree – Devtal, Shiva Mandir Amchoura VDC, Baitadi						
	E	4332956	N	3261866	El. (m)	566	
Climate	Tropical Zone						
Altitude range (m)	500 – 2,000						
Soil type	Acidic soil						
Medical value	Indigestion, High BP, Blood diseases						

Plant number: MP 226

Name	Scientific/English/ Sanskrit		<i>Spondias pinnata</i>			
	Local		Amaro/ Chukul patta			
Location	Ansikatya dhungo, Marthala jungle Amchoura VDC, Baitadi					
	E	432331	N	3262111	El. (m)	658
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 1,500					
Soil type	Loose soil					
Medical value	Dysentery Blood diseases, High BP, Fever					

Plant number: MP 227

Name	Scientific/English/ Sanskrit		<i>Antidesma bunius</i>				
	Local		Archal/ Imekanchi				
Location	Khayar Tree, Vattaraizar Marthala Amchoura VDC, Baitadi						
	E	431966	N	3261746	El. (m)	663	
Climate	Tropical and temperate zones.						
Altitude range (m)	500 – 2,300						
Soil type	Loamy black soil						
Medical value	Clears intestine, Constipation, Stomach diseases						

Plant number: MP 228

Name	Scientific/English/ Sanskrit	<i>Sacchrum species</i>			
	Local	Dudhe Kansh			
Location	Faldo Tree, Marthala Bagad, Amchoura VDC, Baitadi				
	E	431597	N	3261357	El. (m) 632
Climate	Tropical and temperate zones.				
Altitude range (m)	500 – 1,800				
Soil type	Normal soil				
Medical value	Fever, Blood diseases Cough, Rheumatism				

Plant number: MP 229

Name	Scientific/English/ Sanskrit		<i>Dioscorea pentaphylla</i>			
	Local		Vyakur/ Jatadhari			
Location	Masadi – Chiura Tree, Nwala village, Amchoura VDC, Baitadi					
	E	431031	N	3261021	El. (m)	577
Climate	Tropical and temperate zones.					
Altitude range (m)	600– 3,000					
Soil type	Loamy loose soil					
Medical value	Common cold, Tonsil, Goiter, Poisoning					

Plant number: MP 230

Name	Scientific/English/ Sanskrit			Hypericum cordifolinum/ cordifuluium			
	Local			Kathareti/ Arani			
Location	Shilajeet Khani Katho lal Pahad – Amchoura VDC, Baitadi						
	E	431101	N	3260477	El. (m)	625	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Acidic sandy soil						
Medical value	Stomach diseases, Nutrition source						

Plant number: MP 231

Name	Scientific/English/ Sanskrit		<i>Randia dumitorum</i>			
	Local		Manamel/ Main kanda			
Location	Dharma – Goundo – Masane – Faldo Tree, Amchoura VDC, Baitadi					
	E	431319	N	3260082	El. (m)	558
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Fertile loamy black soil					
Medical value	Kidney diseases, Jaundice Blood diseases, Rheumatism					

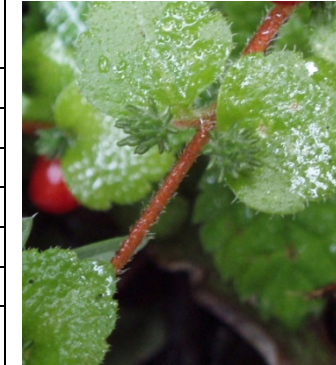

Plant number: MP 232

Name	Scientific/English/ Sanskrit		<i>Manihot esculenta</i>		
	Local		Simal Tarul/ Lahare simal		
Location	Banna jungle, tada veul Tree – Amchoura VDC, Baitadi				
	E	431884	N	3259362	El. (m) 592
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	Fertile loamy black soil				
Medical value	Juandice, Fever Bladder diseases, Rheumatism				

Plant number: MP 233

Name	Scientific/English/ Sanskrit			Rasgandha		
	Local			Garlas/ Bardoni		
Location	Sal Tree – Melsium – 8, Pancheshwor VDC, Baitadi					
	E	429984	N	3258043	El. (m)	716
Climate	Tropical Zone					
Altitude range (m)	500 – 1,500					
Soil type	Loamy black soil					
Medical value	Kidney diseases, Fever Rheumatism, Blood diseases					

Plant number: MP 234

Name	Scientific/English/ Sanskrit		<i>Vitex trifolia</i>			
	Local		Syali/ Simali Tinpate			
Location	Faldo Tree Binayak jungle, Amchoura, Baitadi					
	E	432451	N	3258227	El. (m)	593
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Dry and alkaline soil					
Medical value	Asthma, Rheumatism AIDS, Cancer					

Plant number: MP 235

Name	Scientific/English/ Sanskrit		<i>Dioscorea species</i>			
	Local		Ban Toud/Ban Tarul			
Location	Binayak – 9, Amchoura VDC, Baitadi					
	E	430508	N	3257856	El. (m)	626
Climate	Temperate zone					
Altitude range (m)	800 – 1,700					
Soil type	Loamy black soil					
Medical value	Bladder diseases Constipation, Blood diseases					

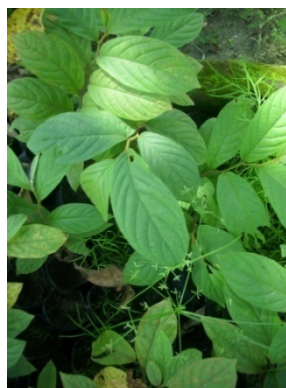

Plant number: MP 236

Name	Scientific/English/ Sanskrit		<i>Termanalia chebula</i>			
	Local		Harado/ Harro			
Location	Danchhi – Pancheshwor VDC, Baitadi					
	E	429709	N	3257879	El. (m)	679
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Loamy black and loose soil					
Medical value	Constipation Nausea, Indigestion Asthma, Jaundice					

Plant number: MP 237

Name	Scientific/English/ Sanskrit		<i>Calotro gigantea</i>			
	Local		Ank Safedi			
Location	Dumnoula – 8, Pancheshwor VDC, Baitadi					
	E	429264	N	3257831	El. (m)	590
Climate	Tropical Zone					
Altitude range (m)	Terai to 1,000					
Soil type	Alkaline soil					
Medical value	Respiratory diseases Indigestion, Rheumatism, Paralysis					

Plant number: MP 238

Name	Scientific/English/ Sanskrit		<i>Piper longum</i>			
	Local		Pipla/ Piplo Nan			
Location	Talli Dumnoula – 8, Pancheshower VDC, Baitadi					
	E	428363	N	3258026	El. (m)	563
Climate	Tropical Zone					
Altitude range (m)	500 – 1,500					
Soil type	Loose soil					
Medical value	Rheumatism Dysentery, Malaria fever Common cold					

Plant number: MP 239

Name	Scientific/English/ Sanskrit		<i>Rauwolfia serpentina</i>			
	Local		Sarpagandha/ Dhawolbaruwa			
Location	Runedhunga Gair, Pancheshower VDC, Baitadi					
	E	427937	N	3257917	El. (m)	570
Climate	Tropical Zone					
Altitude range (m)	500 – 1,500					
Soil type	Sandy soil					
Medical value	Snake bite, High BP Braind Problem, Jaundice					

Plant number: MP 240

Name	Scientific/English/ Sanskrit		<i>Celastrus paniculatus</i>			
	Local		Malkagni/ Jyotismati			
Location	Aptyad – 8, Pancheshower VDC, Baitadi					
	E	427067	N	3257664	El. (m)	574
Climate	Tropical Zone					
Altitude range (m)	500 – 1,500					
Soil type	Loose black soil					
Medical value	Rheumatism, Paralysis Beriberi, Stomach problem					

Plant number: MP 241

Name	Scientific/English/ Sanskrit		<i>Calotro procera</i>			
	Local		Lal Ank/ Ank Rato			
Location	Dotyal (Tritundo), Pancheshowar Dharmashala Pancheshowar VDC, Baitadi					
	E	426621	N	3257392	El. (m)	569
Climate	Tropical Zone					
Altitude range (m)	Terai to 1,000					
Soil type	Alkaline soil					
Medical value	Toothache, Nostralgry Common cold, Paralysis					

Plant number: MP 242

Name	Scientific/English/ Sanskrit		<i>Muccuna cochinchinensis</i>			
	Local		Kause Simi/ Dhoule Kauchho			
Location	Tham – Sallo Tree, Pancheshowar, Baitadi					
	E	426950	N	3257454	El. (m)	773
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 2,500					
Soil type	Damp and loamy soil					
Medical value	Low BP, Rheumatism Fever, Old age problems					

Plant number: MP 243

Name	Scientific/English/ Sanskrit		<i>Caesalpinia decapetala</i>			
	Local		Karanja/ Maltyangra			
Location	Chirkhol – Sal Tree, Pancheshowar, Baitadi					
	E	427066	N	3257364	El. (m)	807
Climate	Tropical Zone					
Altitude range (m)	500 – 1,500					
Soil type	Acidic sandy soil					
Medical value	Rheumatism, Body Pain Headache, Stomach diseases					

Plant number: MP 244

Name	Scientific/English/ Sanskrit		<i>Butea monosparma</i>			
	Local		Lal Palans/ Rakta Dhak			
Location	Chhatiwon, Pancheshowar VDC, Baitadi					
	E	427335	N	3257008	El. (m)	862
Climate	Tropical Zone					
Altitude range (m)	500 – 1,500					
Soil type	Red soil					
Medical value	Body pain, Kidney pain TB, Leprosy					

Plant number: MP 245

Name	Scientific/English/ Sanskrit		<i>Pogostemon benghalensis</i>			
	Local		Rudilo/ Rudedo			
Location	Chamtada – 7, Pancheshowar VDC, Baitadi					
	E	427589	N	3256238	El. (m)	920
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Loamy black soil					
Medical value	Common cold, Cough Nostralgia, Pneumonia					

Plant number: MP 246

Plant number: N1-210						
Name	Scientific/English/ Sanskrit			<i>Jatropha multifida</i>		
	Local			Sajiwon/ Sajjo		
Location	Rolghat – Pancheshowar VDC, Baitadi					
	E	427065	N	3256062	El. (m)	610
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Dry soil					
Medical value	Skin diseases, Sexual diseases Rheumatism, Diabetes					

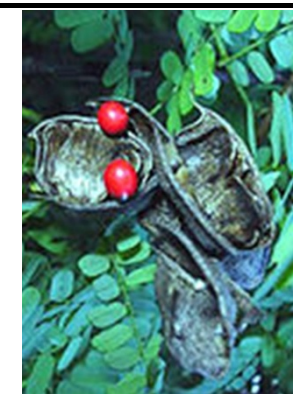

Plant number: MP 247

Name	Scientific/English/ Sanskrit		<i>Abrus precatorius</i>			
	Local		Lal Rati/ Ratigedi			
Location	PMP office, Pancheshowar VDC, Baitadi					
	E	4268799	N	3255407	El. (m)	616
Climate	Tropical and temperate zones.					
Altitude range (m)	Terai to 1,100					
Soil type	Loose soil					
Medical value	Rheumatism, Paralysis Constipation, Stomach Problem					

Plant number: MP 248

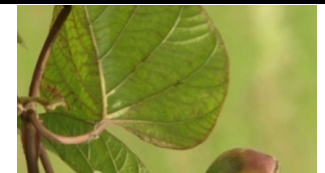

Plant Number: NA-210					
Name	Scientific/English/ Sanskrit		<i>Agave angustifolia</i>		
	Local		Rambans Nepali/ Ketuki Nepali		
Location	PMP office, Dhupi Tree, Pancheshowar VDC, Baidtadi				
	E	426891	N	3254969	El. (m) 657
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	Dry soil				
Medical value	Kidney diseases, Constipation Intestinal wounds, High BP				

Plant number: MP 249

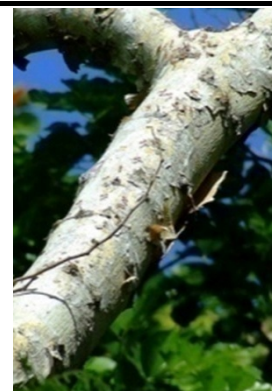

Name	Scientific/English/ Sanskrit			<i>Operculina species</i>		
	Local			Kal Nishoth/ Nisot kali		
Location	Shirkhola – 4, Sal Tree, Pancheshowar VDC, Baitadi					
	E	427373	N	3254716	El. (m)	950
Climate	Tropical and temperate zones.					
Altitude range (m)	Terai to 1,200					
Soil type	Loamy and damp soil					
Medical value	Blood and bladder diseases Jaundice, Constipation					

Plant number: MP 250

Name	Scientific/English/ Sanskrit		Acacia suma			
	Local		Khayar seto/ Dhoule katta			
Location	Suntola – 4 Pancheshowar VDC, Baitadi					
	E	427997	N	3254141	El. (m)	1,194
Climate	Tropical Zone					
Altitude range (m)	500 – 1,800					
Soil type	Rocky soil					
Medical value	Tonsil, Cough Asthma, Throat cancer					

Plant number: MP 251

Name	Scientific/English/ Sanskrit		<i>Ipomoea nil</i>			
	Local		Vurug/ Siundi lata			
Location	Jogita – Khalimai – 4, Sal Tree, Pancheshowar VDC, Baitadi					
	E	428121	N	3253394	El. (m)	1,002
Climate	Tropical and temperate zones.					
Altitude range (m)	Terai to 2,000					
Soil type	Acidic soil					
Medical value	Constipation, Intestinal problem Heal wounds					

Plant number: MP 252

Name	Scientific/English/ Sanskrit		<i>Rhynchostylis species</i>			
	Local		Kela gavo/ Muhanmala			
Location	Dharmaghat – 3, Pancheshowar Anmp Tree, Baitadi					
	E	428306	N	3252850	El. (m)	752
Climate	Temperate zone					
Altitude range (m)	1,000 – 1,800					
Soil type	Wood bark					
Medical value	Intestinal wound Constipation, High BP Rheumatism					

Plant number: MP 253

Name	Scientific/English/ Sanskrit		<i>Sida acuta</i>				
	Local		Balu/ Bal				
Location	Dharmaghat Shir, Bel Tree, Phancheshowar VDC, Baitadi						
	E	428685	N	3253063	El. (m)	975	
Climate	Temperate zone						
Altitude range (m)	1,500 – 2,500						
Soil type	Sandy soil						
Medical value	Rheumatism, Blood diseases Fever, Skin diseases						

Plant number: MP 254

Name	Scientific/English/ Sanskrit		<i>Zizyphus jujuba</i>				
	Local		Nan Bewori/ Bayar sano				
Location	Jajwai Lek Dhar, Pancheshowar, Baitadi						
	E	429040	N	3253719	El. (m)	1,069	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Sandy soil						
Medical value	Cough, Fever TB, Purify blood						

Plant number: MP 255

Name	Scientific/English/ Sanskrit		<i>Bergenia ciliata</i>				
	Local		Silphode/ Pakhanved/ Paduwa				
Location	Baisek – 3, Sallo Tree, Pancheshowar VDC, Baitadi						
	E	429270	N	3253925	El. (m)	1,100	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 4,000						
Soil type	Rocky soil						
Medical value	Kindney strone, Bronchitis Nervous problem, Cancer						

Plant number: MP 256

Name	Scientific/English/ Sanskrit		<i>Clitoria ternatea</i>			
	Local		Aparajita/ Bisnukranta			
Location	Chiura Tree, Sheri – 3, Pancheshowar Baitadi					
	E	434422	N	3253770	El. (m)	954
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 2,500					
Soil type	Alkaline Loose soil					
Medical value	Joint pain, Anemia					

Plant number: MP 257

Name	Scientific/English/ Sanskrit		<i>Justica species</i>			
	Local		Nan – Basingo/ Sano Asuro			
Location	Sheri khola – 3, Pancheshowar Baitadi					
	E	430857	N	3253367	El. (m)	1,088
Climate	Temperate zone					
Altitude range (m)	600 – 2,200					
Soil type	Loose loamy soil					
Medical value	Bronchitis, TB Cancer, High BP					

Plant number: MP 258

Name	Scientific/English/ Sanskrit		<i>Drymaria diandra</i>			
	Local		Agjalo/ Avijalo Thulo			
Location	Darda and Pancheshowar VDC, Baitadi					
	E	431221	N	3253106	El. (m)	1,291
Climate	Temperate zone					
Altitude range (m)	700 – 2,200					
Soil type	Loose loamy soil					
Medical value	Diarrhea, Liver and kidney problem					

Plant number: MP 259

Name	Scientific/English/ Sanskrit			<i>Cuscuta species</i>		
	Local			Lal Akashe/ Akas Belo Rato		
Location	Lamakhali, Kafal Tree Shivnath VDC, Baitadi					
	E	437918	N	3253319	El. (m)	2,007
Climate	Temperate zone					
Altitude range (m)	1,500 – 2,500					
Soil type	Tree bark					
Medical value	Hepatitis					
	High BP, Skin diseases					

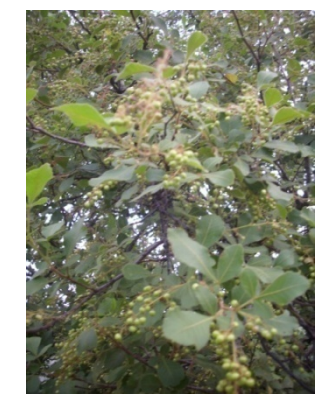

Plant number: MP 260

Name	Scientific/English/ Sanskrit					<i>Rhus parviflora</i>	
	Local					Satibayar/ Radail	
Location	Ghadela, Mahakali VDC, Baitadi						
	E	431585	N	3252880	El. (m)	1,328	
Climate	Temperate zone						
Altitude range (m)	600 – 2,400						
Soil type	Alkaline soil						
Medical value	Bronchitis, TB Constipation Pneumonia						

Plant number: MP 261

Name	Scientific/English/ Sanskrit		<i>Phyllanthus amarus</i>			
	Local		Sahapatre/ Vuinamala			
Location	Kulaun – 2, Sallo Tree, Sallo Vir, Baitadi					
	E	431722	N	3253332	El. (m)	1,494
Climate	Tropical and temperate zones.					
Altitude range (m)	700 – 2,500					
Soil type	Loose soil					
Medical value	Jaundice Malaria Urinary system					

Plant number: MP 262

Name	Scientific/English/ Sanskrit		<i>Croton caudatus</i>				
	Local		Lalatha Mendi				
Location	Ranichar – 2, Kafal Tree, kulaun VDC, Baitadi						
	E	432121	N	3254191	El. (m)	1,703	
Climate	Temperate zone						
Altitude range (m)	500 – 1,800						
Soil type	Normal soil						
Medical value	Swollen body Neurological disorders						

Plant number: MP 263

Name	Scientific/English/ Sanskrit			<i>Oreorchis foliosa</i>		
	Local			Shaktigumba		
Location	Kalouti, Mel Tree, Kulaun, Baitadi					
	E	432803	N	3254434	El. (m)	1,775
Climate	Temperate zone					
Altitude range (m)	2,500 – 4,500					
Soil type	Alkaline soil					
Medical value	Constipation, Gum problem Weak bone, Sprain					

Plant number: MP 264

Name	Scientific/English/ Sanskrit		<i>Rhus javanica</i>					
	Local		Vamillo/ Vakyamilo					
Location	Kailpal, Banjh Tree, kulaun VDC, Baitadi							
	E	433791	N	3254592	El. (m)	1,896		
Climate	Temperate zone							
Altitude range (m)	1,200 – 2,500							
Soil type	Loamy soil							
Medical value	Cholera Indigestion, Constipation							

Plant number: MP 265

Name	Scientific/English/ Sanskrit		<i>Tectaria coadunata</i>				
	Local		Kal liundo/ Kali Niuro				
Location	Tichora – Banjh Tree, Kulaun VDC, Baitadi						
	E	434561	N	3254729	El. (m)	2,000	
Climate	Temperate zone						
Altitude range (m)	700 – 3,000						
Soil type	Loamy soil						
Medical value	Cholera, Diarrhoea Piles, Bronchitis Jaundice						

Plant number: MP 266

Name	Scientific/English/ Sanskrit		<i>Daphne papyracea</i>				
	Local		Baduwa/ Kagate lokta				
Location	Mad – Banjh Tree, Kulaun VDC, Baitadi						
	E	435877	N	3253684	El. (m)	1,970	
Climate	Temperate zone						
Altitude range (m)	1,800 – 2,800						
Soil type	Loamy soil						
Medical value	Heart disease Stomach problem						

Plant number: MP 267

Name	Scientific/English/ Sanskrit		<i>Taxus baccata</i>					
	Local		Luinta/ Lothsallo					
Location	Shivnath Mandir, Banjh Tree, Shirnath VDC, Baitadi							
	E	436853	N	3253382	El. (m)	2,176		
Climate	Temperate zone							
Altitude range (m)	2,000 – 3,500							
Soil type	Loose soil							
Medical value	Miscarriage Skin disease							

Plant number: MP 268

Name	Scientific/English/ Sanskrit			<i>Cuscuta reflexa</i>		
	Local			Aakash Belo Penlo		
Location	Dabani, Kafal Tree, Melouli VDC, Baitadi					
	E	441187	N	3253468	El. (m)	1,827
Climate	Temperate zone					
Altitude range (m)	1,200 – 3,000					
Soil type	Normal soil					
Medical value	Kidney, lever, heart problem					

Plant number: MP 269

Name	Scientific/English/ Sanskrit		<i>Chenopodium ambrosoides</i>				
	Local		Lukul – Ganailo/Vuin kasturi				
Location	District Ayurvedic Hospital Melouli, Baitadi						
	E	441915	N	3253862	El. (m)	1,889	
Climate	Temperate zone						
Altitude range (m)	500 – 3,000						
Soil type	Loose soil						
Medical value	Uric acid, Gastric						
	Joint pain						

Plant number: MP 270

Name	Scientific/English/ Sanskrit		<i>Pterospermum acerifolium</i>				
	Local		Silingo/ Silinga				
Location	Melouli Vagabati, Dhupi Tree Melouli VDC, Baitadi						
	E	443182	N	3254538	El. (m)	1,962	
Climate	Temperate zone						
Altitude range (m)	1,800 – 2,800						
Soil type	Loamy soil						
Medical value	Cancer, Mental disorder						
	Piles, Bronchitis						

Plant number: MP 271

Name	Scientific/English/ Sanskrit		<i>Rhynchosyilis retusa</i>				
	Local		Ghogegava/ Sunakhari ghoge				
Location	Lama lek, Sallo Tree, Maharudra VDC, Baitadi						
	E	444541	N	3256257	El. (m)	1,941	
Climate	Temperate zone						
Altitude range (m)	1,500 – 3,500						
Soil type	Tree bark						
Medical value	Cancer, Kidney problem						
	High BP, Stomach problem						

Plant number: MP 272

Name	Scientific/English/ Sanskrit			<i>Eucalyptus citriodora</i>		
	Local			Masala/ Safedi		
Location	Shiroda – Banjh Tree, Maharudra VDC, Baitadi					
	E	444574	N	3257488	El. (m)	2,002
Climate	Temperate zone					
Altitude range (m)	1,500 – 3,500					
Soil type	Sandy soil					
Medical value	Skin disease Bronchitis, STDs					

Plant number: MP 273

Name	Scientific/English/ Sanskrit		<i>Coriaria nepalensis</i>				
	Local		Machaino/ Machhaina				
Location	Pelya Vir – Banjh Tree, Maharudra VDC, Baitadi						
	E	444442	N	3259099	El. (m)	2,277	
Climate	Temperate zone						
Altitude range (m)	1,800 – 3,300						
Soil type	Loose soil						
Medical value	Blood purify Low BP, Constipation						

Plant number: MP 274

Name	Scientific/English/ Sanskrit		<i>Paris polyphylla</i>				
	Local		Saduwo/ Satuwa				
Location	Simabit – Gwallek – Maharudra and near Rodidewol VDC, Baitadi						
	E	443838	N	3259135	El. (m)	2,311	
Climate	Temperate zone						
Altitude range (m)	1,800 – 3,200						
Soil type	Loamy soil						
Medical value	Blood cancer, TB, Bronchitis, Hepatitis B and C						

Plant number: MP 275

Name	Scientific/English/ Sanskrit		<i>Cyanthillium cinereum</i>				
	Local		Sahadevi/ Jhurjhure				
Location	Kamedpani – Gwallek Kaniya Tree, Rodidewol VDC, Baitadi						
	E	442884	N	3259719	El. (m)	2,312	
Climate	Temperate zone						
Altitude range (m)	800 – 2,200						
Soil type	Sandy loose soil						
Medical value	Fever, Malaria Sleeplessness, Gastric						

Plant number: MP 276

Name	Scientific/English/ Sanskrit		<i>Daphniphyllum himalens</i>				
	Local		Raktachandan Napali – Himali				
Location	Titapai – Gwallek Rodidewol VDC, Baitadi						
	E	442490	N	3260217	El. (m)	2,317	
Climate	Temperate zone						
Altitude range (m)	1,600 – 3,000						
Soil type	Loamy soil						
Medical value	BP, Piles, Digestive disorder Anemia, HIV, STD's						

Plant number: MP 277

Name	Scientific/English/ Sanskrit			<i>Rhododendron anthopogon</i>		
	Local			Sunpati/ Swornadhup		
Location	Jewolkatya lek – Gwallek Sour Tree Giregada VDC, Baitadi					
	E	441906	N	3261352	El. (m)	2,222
Climate	Temperate zone					
Altitude range (m)	1,500 – 3,200					
Soil type	Rocky soil					
Medical value	Bronchitis, Throat cancer Cough					

Plant number: MP 278

Name	Scientific/English/ Sanskrit			<i>Swertia nervosa</i>		
	Local			Kal lek Tite/ Kali Chiraito		
Location	Toligada Gwallek Banjh Tree, Baitadi					
	E	442004	N	3261937	El. (m)	2,217
Climate	Temperate zone					
Altitude range (m)	1,500 – 3,000					
Soil type	Loamy soil					
Medical value	Liver, Cancer High BP					

Plant number: MP 279

Name	Scientific/English/ Sanskrit			<i>Equisetum debile</i>		
	Local			Yakle		
Location	Mallakhan – Gwallek Banjh Tree, Nagarjun VDC, Baitadi					
	E	442617	N	3263382	El. (m)	2,204
Climate	Temperate zone					
Altitude range (m)	1,000 – 3,000					
Soil type	Yellow red sticky soil					
Medical value	Broken Bones, Stomach problem Immune power inhance					

Plant number: MP 280

Name	Scientific/English/ Sanskrit			<i>Laggera alata</i>		
	Local			Dhoule – Yaklebir/ Yakbir		
Location	Dhadhalla – Mel Tree, Nagarjun Tree, Baitadi					
	E	442699	N	3263056	El. (m)	2,243
Climate	Temperate zone					
Altitude range (m)	1,500 – 3,000					
Soil type	Alkaline soil					
Medical value	Relief pain					
	Skin diseases					

Plant number: MP 281

Name	Scientific/English/ Sanskrit		<i>Rhododendron arboretum</i>				
	Local		Lali Gurans/ Burounj				
Location	Tichora Khan – Tuni Tree Nagarjun VDC, Baitadi						
	E	442099	N	3264157	El. (m)	2,032	
Climate	Temperate and alpine Zone						
Altitude range (m)	1,500 – 3,600						
Soil type	Dry soil						
Medical value	Kidney and heart problem Jaundice, Bronchitis						

Plant number: MP 282

Name	Scientific/English/ Sanskrit		<i>Cedrus deodara</i>			
	Local		Dar/ Dewor			
Location	Niglasaini Nwala – Devdar jungle Dehimandaun VDC, Baitadi					
	E	448254	N	3265885	El. (m)	2,115
Climate	Temperate zone					
Altitude range (m)	1,500 – 2,500					
Soil type	General soil					
Medical value	Fever, Cosntipation Pneumonia, Stomach diseases					

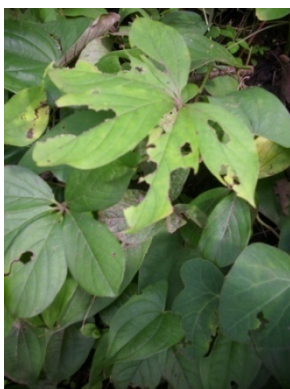

Plant number: MP 283

Name	Scientific/English/ Sanskrit			<i>Breca arvensis</i>		
	Local			Thakailo/ Suikande		
Location	Musya chour – Satabanjh – Pangar Tree, Gurukhola VDC, Baitadi					
	E	452097	N	3265325	El. (m)	2,043
Climate	Temperate zone					
Altitude range (m)	1,500 – 2,500					
Soil type	Loose sandy soil					
Medical value	Purify blood, Kidney Problem, Fever					

Plant number: MP 284

Name	Scientific/English/ Sanskrit		<i>Dioscorea kamoonsensis</i>				
	Local		Tyakuna/ Tyaguna				
Location	Khochelek Lahare Pipal Tree, Shree kedar VDC, Baitadi						
	E	452872	N	3272703	El. (m)	1,435	
Climate	Temperate zone						
Altitude range (m)	1,200 – 2,200						
Soil type	Loamy soil						
Medical value	Ulser, Malnutrition Enhance Digestion						

Plant number: MP 285

Name	Scientific/English/ Sanskrit		<i>Woodfordia floribunda</i>					
	Local		Dhungya/ Dhayari					
Location	Dhungepani Sallo Tree Shree kedar VDC, Baitadi							
	E	448860	N	3272457	El. (m)	1,398		
Climate	Tropical Zone							
Altitude range (m)	Terai to 1,500							
Soil type	Loose yellow soil							
Medical value	Chicken Pox, Cronic Wound Anemia, Cough							

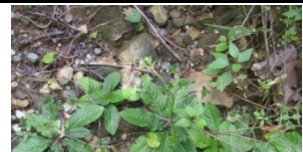

Plant number: MP 286

Name	Scientific/English/ Sanskrit		<i>Hemidesmus indicus</i>				
	Local		Rato Ananta mul/ Lal-sariba				
Location	Dhikgad Nwali VDC, Baitadi						
	E	450980	N	3275142	El. (m)	791	
Climate	Tropical Zone						
Altitude range (m)	Terai to 1,500						
Soil type	Loamy loose soil						
Medical value	Activate sperm formation, Stone disease Purify blood, Urinary infection						

Plant number: MP 287

Name	Scientific/English/ Sanskrit			<i>Elephantopus scaber</i>		
	Local			Sasastra jadi/ Sahasra jadi		
Location	Banga Bagad –Bans Tree Gokuleshower, Baitadi					
	E	453477	N	3280336	El. (m)	670
Climate	Tropical Zone					
Altitude range (m)	Terai to 1,500					
Soil type	Red soil					
Medical value	Stomach problem, Activate nervous system Cures sperm dilution					

Plant number: MP 288

Name	Scientific/English/ Sanskrit		<i>Santalum album</i>			
	Local		Shreekhanda/ Seto chandan			
Location	Chuche Bagad–Bitthad–3, Bar–Pipal Tree Sharmouli Darchula					
	E	452431	N	3279793	El. (m)	665
Climate	Tropical Zone					
Altitude range (m)	Terai to 1,500					
Soil type	Loose sandy soil					
Medical value	Increase memory power Relief tension, Hysteria					

Plant number: MP 289

Name	Scientific/English/ Sanskrit		<i>Trifolium alexandrinum</i>			
	Local		Mal/ Barsim			
Location	Khetali – 2, Sharmouli VDC Darchula					
	E	453022	N	3280234	El. (m)	659
Climate	Tropical and temperate zones.					
Altitude range (m)	400 – 1,500					
Soil type	Heavy loam with high salt concentration					
Medical value	Diabetic nephropathy Diabetes					

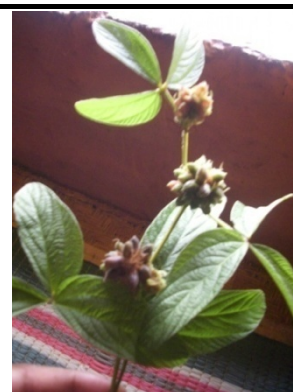

Plant number: MP 290

Plant number: NY 250						
Name	Scientific/English/ Sanskrit			<i>Uraria logopodioides</i>		
	Local			Vattu/ Pithwon		
Location	Boregad – Choulani Dovan, Sharmouli VDC, Darchula					
	E	453315	N	3280444	El. (m)	672
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Normal soil					
Medical value	Inhacne immune system					

Plant number: MP 291

Name	Scientific/English/ Sanskrit		<i>Ananas comosus</i>			
	Local		Vuin Katahar/Anannas			
Location	Kumali – Ghatt – Tuni Tree, Gokuleshowar VDC, Darchula					
	E	454182	N	3281167	El. (m)	698
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Alkaline soil					
Medical value	Kidney and liver problem, Increase digestion High BP, Mental tension, Memory loss					

Plant number: MP 292

Name	Scientific/English/ Sanskrit		<i>Asparagus species</i>		
	Local		Rani Jhinjirayan/ Rani kurilo		
Location	Gadet – 6, Talligaun, Anmp Tree Ritthachoupata VDC, Darchula				
	E	454149	N	3281838	El. (m) 771
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	Alkaline soil				
Medical value	Purify blood, Sperm dilution Reduce menstrual cycle pain, Diabetes, Ulcer				

Plant number: MP 293

Name	Scientific/English/ Sanskrit		<i>Dioscorea hispida</i>				
	Local		Varlang Toud/ Tarul				
Location	Gadet-7,Bichgaun- Tuni Tree, Ritthachoupata VDC, Darchula						
	E	454065	N	3281965	El. (m)	776	
Climate	Tropical Zone						
Altitude range (m)	Terai to 1,000						
Soil type	Loamy soil						
Medical value	Neutralize Animal venom (snake, rabies, insect) Decrease alcohoism						

Plant number: MP 294

Name	Scientific/English/ Sanskrit		<i>Dendrobium densiflorum</i>				
	Local		Sunjadi/Sungava				
Location	Kotakhola–Pipal Tree, Boharigaun VDC, Darchula						
	E	454488	N	3281507	El. (m)	794	
Climate	Tropical Zone						
Altitude range (m)	Terai to 1,000						
Soil type	Apiphyte						
Medical value	Heart and kidney problem, Helps in body physiology						

Plant number: MP 295

Name	Scientific/English/ Sanskrit		Phlogacanthus thyrsiflorus			
	Local		Golaichi/Chuwa Tree			
Location	Dewol – 5, Boharigaun, Darchula					
	E	455166	N	3281850	El. (m)	746
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Acidic soil					
Medical value	Joint pain, Cure skin disease Cure cronic wounds					

Plant number: MP 296

Name	Scientific/English/ Sanskrit	<i>Nicotina tabaccum</i>					
	Local	Lampate Surti/ Tambakoo/Lampate					
Location	Jharnakhola – 4, Rudreshwar VDC, Baitadi						
	E	461969	N	3284023	El. (m)	810	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Acidic soil						
Medical value	Gout (uric acid) Cough, Pneumonia (Child)						

Plant number: MP 297

Name	Scientific/English/ Sanskrit		<i>Indigofera pulchella</i>				
	Local		Syakuna/Shakino				
Location	Jharna – Dethala Bridge Rudreshwar VDC, Baitadi						
	E	462042	N	3284086	El. (m)	785	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Normal soil						
Medical value	Respiratory diseases, Insomania						
	Mental disease						
	Cough and common cold						

Plant number: MP 298

Name	Scientific/English/ Sanskrit		<i>Cinnamomum glaucescens</i>				
	Local		Sugandhakokila				
Location	Kalla Bagad – Tunj Tree, Dethala VDC, Darchula						
	E	461852	N	3284545	El. (m)	820	
Climate	Temperate zone						
Altitude range (m)	1,500 – 2,500						
Soil type	Normal soil						
Medical value	Respiratory diseases, Insomania						
	Mental disease, Cough and common cold						

Plant number: MP 299

Name	Scientific/English/ Sanskrit		<i>Anethum graveolens</i>				
	Local		Sup/Soya				
Location	Kudkudepani – Simal Tree – 6, Dethala VDC, Darchula						
	E	460940	N	3284776	El. (m)	799	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Sandy soil						
Medical value	Anemia, Heart problem						
	Pregnancy						

Plant number: MP 300

Name	Scientific/English/ Sanskrit			<i>Osyris wightiana</i>			
	Local			Nuniya/Nundhiki			
Location	Luinta – 8, Tante Tree, Dethala VDC, Darchula						
	E	459842	N	3284412	El. (m)	779	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,200 – 3,000						
Soil type	Alkaline dry soil						
Medical value	Pain killer, Gaut						
	Ulcer, Diabetes						

Plant number: MP 301

Name	Scientific/English/ Sanskrit		<i>Murraya koenigii</i>				
	Local		Ganailo/Mitha Nim/Kari patte				
Location	Ospa – Chiura Tree – 9, Dethala VDC, Darchula						
	E	459193	N	3284386	El. (m)	770	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	General soil						
Medical value	Skin diseases, Diabetes TB, Hepatitis						

Plant number: MP 302

Plant Number: N- 502							
Name	Scientific/English/ Sanskrit			<i>Primpinella anisum</i>			
	Local			Nepali Souf/Asali suf			
Location	Karkale–Tuni Tree, Rudreshowar VDC, Baitadi						
	E	459066	N	3284210	El. (m)	784	
Climate	Tropical Zone						
Altitude range (m)	Terai to 1,000						
Soil type	Loose sandy soil						
Medical value	Indigestion, Epidemic dysentery Stone, Mental and Skin disease						

Plant number: MP 303

Name	Scientific/English/ Sanskrit		<i>Canna indica</i>			
	Local		Lal keladi/Ful Tarul Red			
Location	Sangadikucha – Khirro Tree, Rudreshwar VDC, Baitadi					
	E	458725	N	3284030	El. (m)	803
Climate	Temperate zone					
Altitude range (m)	1,500 – 2,500					
Soil type	Loamy soil					
Medical value	Amemia, Ulcer Constipation, Menstrual cycle					

Plant number: MP 304

Name	Scientific/English/ Sanskrit		<i>Ocimum santalum</i>				
	Local		Kal Tulasi/ Kalo Tulsi				
Location	Nagini Village – Veul Tree Dilasaini VDC, Baitadi						
	E	457900	N	3282817	El. (m)	809	
Climate	Tropical and temperate zones.						
Altitude range (m)	500 – 3,000						
Soil type	Loamy soil						
Medical value	Infertility, Skin diseases Piles, Liver Disease, Diabetes						

Plant number: MP 305

Name	Scientific/English/ Sanskrit		<i>Lawsonia inermis</i>			
	Local		Mehandi/Mindo			
Location	Dagidhunga – 1, Faldo Tree, Dilasaini VDC, Darchula					
	E	457432	N	3282321	El. (m)	800
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Loam soil					
Medical value	Leprosy, Sinus, Hepatitis, Purify blood Gaut (uric acid)					

Plant number: MP 306

Name	Scientific/English/ Sanskrit			<i>Chenopodium murale</i>		
	Local			Kal Bethu/Chhar Bethe kalo		
Location	Darkhet – 1, Dilasaini, Baitadi					
	E	456846	N	3282048	El. (m)	768
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Loose soil					
Medical value	Liver cancer, Constipation Ulcer, Stone disease					

Plant number: MP 307

Name	Scientific/English/ Sanskrit			<i>Hydrocotyle sibthorpioides</i>		
	Local			Nan Khochade/ Sono Tiktike Barmi		
Location	Pairadi Bagad – Choulani River, Dilasaini and Gokule VDC, Baitadi					
	E	456520	N	3282052	El. (m)	738
Climate	Tropical and temperate zones.					
Altitude range (m)	1,000 – 3,000					
Soil type	Loose sandy soil					
Medical value	Increase memory power, Hysteria Hepatitis, Inflammation of bone					

Plant number: MP 308

Name	Scientific/English/ Sanskrit			<i>Bauhinia variegata</i>		
	Local			Safedi Koiral/'Tanki		
Location	Doutali – 6, Gokuleshowar, Baitadi					
	E	456653	N	3281186	El. (m)	875
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 2,000					
Soil type	General soil					
Medical value	Cure digestive system,Diabetes Anemia, Improve excretory system					

Plant number: MP 309

Name	Scientific/English/ Sanskrit		<i>Thysanolaena maxima</i>				
	Local		Olsya/Amriso				
Location	Sana Gaun – Luharkhet, Gokule, Baitadi						
	E	456944	N	3280848	El. (m)	1,028	
Climate	Temperate zone						
Altitude range (m)	1,200 – 2,200						
Soil type	Alkaline soil						
Medical value	Cough, Pain killer Joint pain, Bone diseases						

Plant number: MP 310

Name	Scientific/English/ Sanskrit		<i>Engelhartia spicata</i>				
	Local		Pahadi /Lekali Mahuwa				
Location	Pairadi shir – Betalmandun – 6, Gokule, Baitadi						
	E	457113	N	3280838	El. (m)	1,083	
Climate	Tropical and temperate zones.						
Altitude range (m)	400 – 2,500						
Soil type	Acidic soil						
Medical value	Pain killer (Bone, teeth), Gaut Reduces swelling and pain						

Plant number: MP 311

Name	Scientific/English/ Sanskrit		<i>Alternative jute</i>				
	Local		Mesta/ Upajute				
Location	Nagaraun – 7, Anmp Tree, Gokule, Baitadi						
	E	457416	N	3280393	El. (m)	1,204	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	General soil						
Medical value	Constipation, Ulcer Oestoporosis, Urination problem						

Plant number: MP 312

Name	Scientific/English/ Sanskrit		<i>Citrullus colocynthis</i>				
	Local		Adello/Airelu				
Location	Matthamandaun – Nagaraun – Sallo Tree, Gokule, Baitadi						
	E	458193	N	3280818	El. (m)	1,341	
Climate	Temperate zone						
Altitude range (m)	1,200 – 2,200						
Soil type	General soil						
Medical value	Diabetes, High BP Hepatitis, Urination problem, Purify blood						

Plant number: MP 313

Name	Scientific/English/ Sanskrit		<i>Eskemukerjea megacarpum</i>				
	Local		Phapare gano/ Vote khayar				
Location	Binapatti – 3, Dilasaini Baitadi						
	E	459172	N	3280862	El. (m)	1,421	
Climate	Temperate zone						
Altitude range (m)	1,200 – 2,200						
Soil type	Loose soil						
Medical value	Epidemic, Pulmonary edema Dysentery, Prolapsis, Blood cancer						

Plant number: MP 314

Name	Scientific/English/ Sanskrit		<i>Ficus lacor</i>			
	Local		Kapado/Kapada ped/ Kavro			
Location	Kaflasaini High School – Sallo Tree, Dilasaini VDC, Baitadi					
	E	459597	N	3280712	El. (m)	1,466
Climate	Temperate zone					
Altitude range (m)	1,200 – 2,200					
Soil type	General soil					
Medical value	Fungal disease, Leprosy Menstrual cycle, Indigestion					

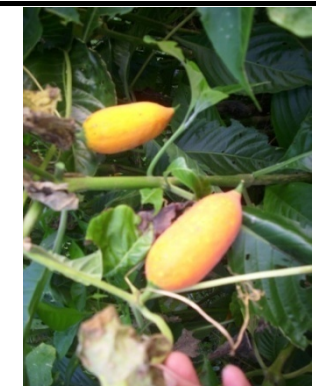

Plant number: MP 315

Name	Scientific/English/ Sanskrit			<i>Nymphaea alba</i>		
	Local			Ratki Rani/Rani Basna ful		
Location	Basantapur – Khetgaun – Pipal Tree, Dilasaini, Baitadi					
	E	460484	N	3280926	El. (m)	1,536
Climate	Temperate zone					
Altitude range (m)	1,200 – 2,200					
Soil type	General soil					
Medical value	Fatigue, Headaches and mood disturbances Loss of body hair, Breast development					

Plant number: MP 316

Name	Scientific/English/ Sanskrit		<i>Mukia maderaspatama</i>			
	Local		Golkankadi Belo/Golkankri			
Location	Khet Gaun lek, Dilasaini, Baitadi					
	E	461013	N	3281389	El. (m)	1,650
Climate	Temperate zone					
Altitude range (m)	1,000 – 2,200					
Soil type	Loamy soil					
Medical value	Stone disease, Ulcer High BP, Diabetes					

Plant number: MP 317

Name	Scientific/English/ Sanskrit		<i>Curculigo species</i>			
	Local		Musali lasune			
Location	Jarikot Sallo Tree, Rudreshowar and Dilasaini VDC, Baitadi					
	E	461840	N	3281822	El. (m)	1,689
Climate	Temperate zone					
Altitude range (m)	1,000 – 2,200					
Soil type	Dry Soil					
Medical value	Impotence, Limb limpness Gastrointestinal, Heart diseases					

Plant number: MP 318

Plant Number: N1-516						
Name	Scientific/English/ Sanskrit			Lahare timur		
	Local			Belo Timur / Vaise Timur		
Location	Siddapou – Sallo Tree, Rudreshowar, Baitadi					
	E	462155	N	3281774	El. (m)	1,626
Climate	Temperate zone					
Altitude range (m)	1,000 – 2,200					
Soil type	Acidic soil					
Medical value	Cough, Common cold High BP, Pulmonary edema, Tonsil					

Plant number: MP 319

Name	Scientific/English/ Sanskrit		<i>Centipeda minima</i>			
	Local		Chhiuke Jhad, Chhinke Jhar			
Location	Dhami Gaun, Dilasaini Mandir Khanyu Tree, Dilasaini VDC, Baitadi					
	E	462347	N	3280294	El. (m)	1,414
Climate	Temperate zone					
Altitude range (m)	1,000 – 2,200					
Soil type	Sandy soil					
Medical value	Common cold, Mental problem Increase appetite					

Plant number: MP 320

Plant number: NY 526						
Name	Scientific/English/ Sanskrit			<i>Jasminum humile</i>		
	Local			Sunjai		
Location	Veul – 8, Sall Tree, Dikasaini VDC, Baitadi					
	E	462347	N	3279566	El. (m)	1,289
Climate	Temperate zone					
Altitude range (m)	1,000 – 2,200					
Soil type	Alkaline soil					
Medical value	Heart disease, Skin disease Stomach worms, Sinus					

Plant number: MP 321

Name	Scientific/English/ Sanskrit		Gandhanakuli			
	Local		Nakuli/Masala Buti			
Location	Kallegada – Gagadi – Tuni Tree ward No. – 9, Dilasaini Baitadi					
	E	462259	N	3279113	El. (m)	1,184
Climate	Temperate zone					
Altitude range (m)	1,000 – 2,200					
Soil type	Loose wet soil					
Medical value	Insomnia, Fever, Poisoning Constipation, Epidemic					

Plant number: MP 322

Name	Scientific/English/ Sanskrit		<i>Rubus paniculatus</i>				
	Local		Kal Aiselu/Kalo Aaiselu				
Location	Paudi – Dhan – 9, Koiral Tree Dilasaini VDC, Baitadi						
	E	461934	N	3278586	El. (m)	1,307	
Climate	Temperate zone						
Altitude range (m)	1,000 – 2,200						
Soil type	Loamy soil						
Medical value	Sperm dilution, Ulser Common cold						

Plant number: MP 323

Name	Scientific/English/ Sanskrit		<i>Semecarpus anacardium</i>				
	Local		Valayo/Vilaba				
Location	Gaunda pahad small Tree, ward no. – 9, Dilasaini VDC, Baitadi						
	E	461246	N	3277976	El. (m)	1,264	
Climate	Tropical and temperate zones.						
Altitude range (m)	500 – 1,500						
Soil type	Acidic soil						
Medical value	Leprosy, Fever, Skin disease, Mental problem						

Plant number: MP 324

Name	Scientific/English/ Sanskrit		<i>Juniperus species</i>			
	Local		Dhupi Mourpankhi/ Chhibitte Dhupi			
Location	Paudi – Dhan – 9, Koiral Tree, Dilasaini VDC, Baitadi					
	E	461934	N	3278586	El. (m)	1,307
Climate	Temperate zone					
Altitude range (m)	1,000 – 2,200					
Soil type	Alkaline soil					
Medical value	STDs, Body pain, Cough, Asthma					

Plant number: MP 325

Name	Scientific/English/ Sanskrit		<i>Prunus cerasoides</i>			
	Local		Pangium/Paiyun			
Location	Gouri Khet, Latinath mandir Jamadigad, Rim VDC, Baitadi					
	E	461599	N	3277473	El. (m)	1,035
Climate	Temperate zone					
Altitude range (m)	1,000 – 2,200					
Soil type	General soil					
Medical value	Eye disease, Fever Stomach diseases, Protein source					

Plant number: MP 326

Name	Scientific/English/ Sanskrit		<i>Sukhsma Gorakhamundi</i>				
	Local		Marhati/Timbur Jhar				
Location	Betal L. S. School, Gorang Pipal Tree – 5 Rim VDC, Baitadi						
	E	460162	N	3276748	El. (m)	1,478	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	General soil						
Medical value	Loss of appetite, Hepatitis B, Elephantiasis, Anaemia Pain in uterus and vagina						

Plant number: MP 327

Name	Scientific/English/ Sanskrit		<i>Thevetia preuviana</i>				
	Local		Kaneura Pit/ Kaner Sunoulo				
Location	Betal mandaun, Banjh Tree ward no. – 4 Rim VDC, Baitadi						
	E	459764	N	3276470	El. (m)	1,389	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	General soil						
Medical value	Heart diseases						

Plant number: MP 328

Name	Scientific/English/ Sanskrit		<i>Ephemerantha macraei</i>				
	Local		Jibanti/Jiwonti Sano				
Location	Mougadhi Rittha Tree, ward no. – 4, Rim Baitadi						
	E	459355	N	3276410	El. (m)	1,442	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	General soil						
Medical value	Bladder diseases, Urine inflammation Jaundice, Kidney diseases, Respiratory diseases						

Plant number: MP 329

Name	Scientific/English/ Sanskrit		<i>Setarium nepalensis</i>				
	Local		Gamdol				
Location	Choukadhar – Pahiroad ward no. – 3 Rim VDC, Baitadi						
	E	459100	N	3276845	El. (m)	1,526	
Climate	Temperate zone						
Altitude range (m)	1,800 – 3,500						
Soil type	Loose sandy soil						
Medical value	Rheumatism, body pain Heart and kidney diseases						

Plant number: MP 330

Plant number: N- 555							
Name	Scientific/English/ Sanskrit			<i>Olendra wallichii</i>			
	Local			Jibre unnew			
Location	Banda Banjh Tree, ward No. – 3, Rim VDC, Baitadi						
	E	458810	N	3276747	El. (m)	1,537	
Climate	Temperate and alpine Zone						
Altitude range (m)	2,500 – 4,000						
Soil type	Loamy soil						
Medical value	Rheumatism, Diabetes, Stone diseases Lung problem						

Plant number: MP 331

Name	Scientific/English/ Sanskrit		<i>Dioscorea prazeri</i>				
	Local		Gantha vyakur/Gandhari				
Location	Kerada – 6, Rim VDC, Baitadi						
	E	457503	N	327447	El. (m)	1,395	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	General soil						
Medical value	Increase appetite Stomach problem						

Plant number: MP 332

Name	Scientific/English/ Sanskrit		<i>Lactuca sativa</i>			
	Local		Jirisag			
Location	Maharudra Mandir – 9, Pothi Silingo, Rim VDC, Baitadi					
	E	457082	N	3276503	El. (m)	1,394
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Damp soil					
Medical value	Digestion, Constipation Clear eye sight					

Plant number: MP 333

Name	Scientific/English/ Sanskrit		<i>Cumminum cyminum</i>				
	Local		Jeera/Jirak				
Location	Ghodedhar Shree Panch Devata Higher Secondary School, Pipal Tree, Rim, Baitadi						
	E	456836	N	3276727	El. (m)	1,394	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	General soil						
Medical value	Fever, Stone diseases, Urine infection Rheumatism, Constipation						

Plant number: MP 334

Name	Scientific/English/ Sanskrit		<i>Punica species</i>				
	Local		Dadim/Amilo Anar				
Location	Rim Healthpost Kafal Tree, Chamal Rim VDC, Baitadi						
	E	456352	N	3276910	El. (m)	1,365	
Climate	Temperate zone						
Altitude range (m)	1,000 – 2,000						
Soil type	Sticky red soil						
Medical value	Blood and heart diseases, Diarrhea Dysentery, Throat infection						

Plant number: MP 335

Name	Scientific/English/ Sanskrit		<i>Apium graveolens</i>				
	Local		Ajmoda/Banjwano				
Location	Sallediban – Karki Gaun, Talli Area, Sallo Tree, Rim						
	E	455899	N	3277302	El. (m)	1,348	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Loose sandy soil						
Medical value	Digestion, Rheumatism Nausea, Respiratory diseases						

Plant number: MP 336

Name	Scientific/English/ Sanskrit		<i>Eclipta alta</i>				
	Local		Mahavrigaraj/Kal vumiraj				
Location	Kafalda – Veul Tree, ward No. – 1, Rim, Baitadi						
	E	455164	N	3276466	El. (m)	1,254	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	Loamy damp soil						
Medical value	Blood cancer, Stomach cancer HIV/AIDS						

Plant number: MP 337

Name	Scientific/English/ Sanskrit		<i>Begonia rubella</i>				
	Local		Nan Makarkanchi				
Location	Putauna Talli vag, Sittad VDC, Baitadi						
	E	455338	N	3276153	El. (m)	1,196	
Climate	Temperate zone						
Altitude range (m)	600 – 3,000						
Soil type	Rocky soil						
Medical value	Digestion, Stone diseases Fever, Blood cancer, High BP						

Plant number: MP 338

Name	Scientific/English/ Sanskrit		<i>Datura suaveolens</i>				
	Local		Mahadev ful/Vokare				
Location	Jatibadi Khola, ward No. – 6, Sittad VDC, Baitadi						
	E	454802	N	3276262	El. (m)	1,082	
Climate	Temperate zone						
Altitude range (m)	2,000 – 3,000						
Soil type	Acidic soil						
Medical value	Cough, Asthma, TB						
	Mental disease, Dysentery						
	Throat diseases						

Plant number: MP 339

Name	Scientific/English/ Sanskrit		<i>Mimosops elengi</i>		
	Local		Moulshree/Bakul		
Location	Gahunkura, Tuni Tree, ward No. – 6, Sittad VDC, Baitadi				
	E	454425	N	3276489	El. (m) 1,166
Climate	Temperate zone				
Altitude range (m)	1,000 – 2,200				
Soil type	General soil				
Medical value	Teeth problem Nostralgvy				

Plant number: MP 340

Name	Scientific/English/ Sanskrit		<i>Solena heterophylla</i>			
	Local		Golkankadi/Golkankri			
Location	Dhukura – 6, Sittad VDC, Baitadi					
	E	454574	N	3277136	El. (m)	933
Climate	Tropical and temperate zones.					
Altitude range (m)	500 – 3,200					
Soil type	Loamy black soil					
Medical value	High BP, Diabetes, Bladder diseases Cough, Asthma					

Plant number: MP 341

Name	Scientific/English/ Sanskrit			<i>Euphorbia species</i>		
	Local			Nagarjuni Badampate		
Location	Khoule–Bakainu Tree, ward No.–6, Sittad VDC, Baitadi					
	E	454767	N	3278596	El. (m)	812
Climate	Tropical and temperate zones.					
Altitude range (m)	Terai to 1,500					
Soil type	General soil					
Medical value	Skin diseases, Blood purification Digestive problems, Menstrual cycle					

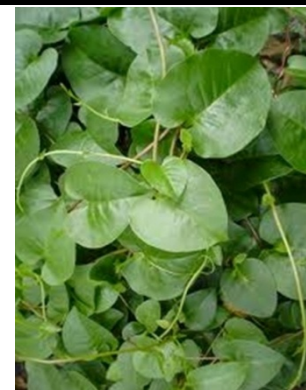

Plant number: MP 342

Name	Scientific/English/ Sanskrit			<i>Penisetum Specatum</i>		
	Local			Bajara/ Gujudo/ Thuge Bajara		
Location	Kanset– Sal Tree, ward No.–5, Sittad VDC, Baitadi					
	E	454188	N	3278934	El. (m)	800
Climate	Tropical and temperate zones.					
Altitude range (m)	Terai to 1,500					
Soil type	Sandy rocky soil					
Medical value	Low BP, Joint pain, Rheumatism, Constipation					

Plant number: MP 343

Name	Scientific/English/ Sanskrit				<i>Bassella rubra</i>		
	Local				Dhoule Poi Belo		
Location	Amizar – 4, Sittad, Baitadi						
	E	453320	N	3278899	El. (m)	779	
Climate	Tropical and temperate zones.						
Altitude range (m)	1,000 – 3,000						
Soil type	Loose sandy soil						
Medical value	Sleeplessness, Cough, Bladder diseases Constipation, Increase appetite						

Plant number: MP 344

Name	Scientific/English/ Sanskrit				<i>Paspalum species</i>		
	Local				Pudpude Belo/Janai Laharo		
Location	Panjiunayan–Lampate, Khirro ward no.–4, Sittad VDC, Baitadi						
	E	452968	N	3279007	El. (m)	789	
Climate	Tropical and temperate zones.						
Altitude range (m)	Terai to 2,000						
Soil type	Red yellow soil						
Medical value	Skin diseases, Leprosy Wound, Pimples, Rheumatism						

Plant number: MP 345

Name	Scientific/English/ Sanskrit		<i>Glandulifera schrakn</i>			
	Local		Sayapatri jungali			
Location	Bitkam – Okhar Tree, ward No. – 7, Nwali VDC, Baitadi					
	E	450282	N	3275640	El. (m)	1,102
Climate	Temperate zone					
Altitude range (m)	2,000 – 3,000					
Soil type	Loamy black soil					
Medical value	Joint pain, Nostralgy Nerve problem, Rheumatism					

Plant number: MP 346

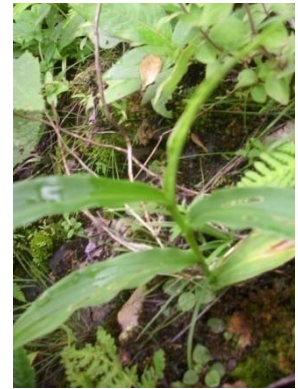

Name	Scientific/English/ Sanskrit			<i>Emilia sonchifolia</i>		
	Local			Choulane jhar/Choulai sag		
Location	Sillek – Bedu Tree, ward no. – 2, Nwali VDC, Baitadi					
	E	447642	N	3274569	El. (m)	1,641
Climate	Temperate zone					
Altitude range (m)	1,800 – 2,500					
Soil type	General soil					
Medical value	Eye inflammations, Night blindness Cuts and wounds, Sore ears					

Plant number: MP 347

Name	Scientific/English/ Sanskrit		<i>Eulophia nuda</i>			
	Local		Dhiki Buti/ Amarkanda			
Location	Sillek – Shreekedar, Sallo Tree, Shreekedar VDC, Baitadi					
	E	447647	N	3274444	El. (m)	1,639
Climate	Temperate zone					
Altitude range (m)	1,800 – 2,500					
Soil type	General soil					
Medical value	TB, Tonsil, Throat infection Goiter, Throat cancer					

Plant number: MP 348

Name	Scientific/English/ Sanskrit			<i>Leucostegia immerse</i>		
	Local			Chamsure Unew		
Location	Basali, Uttisghari Shreekedar VDC, Baitadi					
	E	447425	N	3273903	El. (m)	1,616
Climate	Temperate zone					
Altitude range (m)	1,800 – 2,500					
Soil type	General soil					
Medical value	Sour throat, Dry cough, Menstrual disorder Sinus					

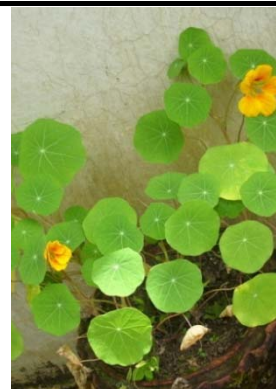

Plant number: MP 349

Name	Scientific/English/ Sanskrit		<i>Tropaeolum mujusnanum</i>		
	Local		Chamshure Belo		
Location	Tuni Tree, Dashanrath Municipality, Baitadi				
	E	447385	N	3273903	El. (m) 1,552
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	General soil				
Medical value	Nostralgry, Throat infection Digestion				

Plant number: MP 350

Name	Scientific/English/ Sanskrit		<i>Nicandra species</i>		
	Local		Asabgol Nilo fulne/Nil fulkola		
Location	Asikana Ward no. 1, Vagabati VDC, Darchula				
	E	443539	N	3292955	El. (m) 975
Climate	Tropical and temperate zones.				
Altitude range (m)	1,000 – 3,000				
Soil type	General soil				
Medical value	Analgesic, Anthelmintic Antibacterial, Anti – inflammatory and Febrifuge				

Plant number: MP 351

Name	Scientific/English/ Sanskrit		<i>Thespesia lampas</i>			
	Local		Ban Kapas			
Location	Asikana Ward no. 1, Vagabati VDC, Darchula					
	E	443539	N	3292955	El. (m)	975
Climate	Tropical and temperate zones.					
Altitude range (m)	Terai to 1,200					
Soil type	Loamy black soil					
Medical value	Back pain, Broken bone Swollen body
